STORY

PONANT

Griffine is launching its first STORY collection, a blend of references designed to create a strong, stylish and narrative universe based on graphic patterns.

Set sail with the PONANT. Ponant is an invitation for discovery, adventure and sunshine. A story of graphic blend, where stripes reign supreme, with a multitude of references to combine and contrast to create your own style and decor. Plain fabrics or patterns, bright or neutral colours to dress up and enhance cushions, cabin bed surrounds or sun loungers. A symbol of freshness, evoking wide open spaces, the sky, the sea, the horizon and beyond. An invitation to peace, tranquility and the great outdoors.

The Ponant line has been extended with new additions, from the RIGA theme, with its graphic stripes, to the refined, residential-inspired colour range, as well as the SIESTE line, with its quilted, padded fabrics and bold, strong graphic style, where stripes lend rhythm to the material, expressing comfort and elegance.

APPLICATIONS :
Interior and exterior coverings, nautical upholstery, sun loungers, cushions.

A rich colour palette that combines nautical shades with residential inspiration.

New grains to coordinate with prints, for a chic, elegant and timeless graphic effect.

Wheel Mark

Fire Rating
EN 1021.1-2
IMO - MED

Very good resistance to abrasion

Very good resistance to light

Efficient against bacteria

Resistant to salt spray
