Tenders & Toys®

We are the industry-leading multidisciplinary
superyacht tender and toy specialist

ABOUT US

Dedicated to providing first-class product advice, we have been handing back time to owners and crew for over a decade.

Established in 2011 to drastically simplify the business of cost control and purchasing, Superyacht Tenders and Toys has grown to become the industry's most versatile and hands-on consultancy.

Offering the ultimate convenience for outfitting yachts of all sizes, we pride ourselves on a transparent, pragmatic and cost-effective approach to design, manufacture and distribution.

WHY CHOOSE US?

Choice is a wonderful thing, but never before have we seen so much. Furthermore, in the era of individuality, it's rare to find two boats the same.

Consequently, one size certainly does not fit all. Thankfully, when it comes to identifying the most suitable solutions to your tender and toy needs, there's no need to navigate it alone – Superyacht Tenders and Toys are here to help.

Underpinned by a passionate team with extensive superyacht experience, we have a wealth of industry expertise in-house. Our global network is unrivalled, while our clear communication and ability to find a solution has garnered the enviable reputation we hold so valuable. Between our offices in Monaco and the UK, and our partner production facilities in the EU, we have every yachting interest and expertise you could possibly need under one roof.

Speak to us about the design and build of any tender; the purchase, customisation, and delivery of yacht toys; the manufacture of deck equipment, or the production of high-quality inflatables. Have assets of your own to sell? Chat to us about second-hand sales through our brokerage.

NEW BUILD OUTFITTING

We are the leading provider of tenders and toy packages to new build yachts.

Our dedicated and passionate team offers unrivalled advice and expertise, ensuring that any new build project hits the water with the latest, most appropriate, premium accessories.

As we are not restricted to any particular brand, we can offer you choice, not compromise. The SYTT team will work closely with you to source exactly what you need, whether you are looking for jet skis, submersibles, dive kit, safety equipment, inflatables, towables, watersport toys or tenders. By providing you with one expert point of contact, we make the process of kitting out your new build as seamless, efficient and cost-effective as possible.

Your team has been fantastic to work with. We needed to get three quotes on everything being purchased and the time it took for your team to get pricing to us after being sent the initial lists was extremely quick.

Head and shoulders above the competition and much appreciated from our side.

Adam Lapworth, PROJECT #16
(M/Y FANTASTIC)

TENDERS

Often the most prized asset in the superyacht inventory, a perfectly coordinated tender has value beyond measure.

TENDER SALES

Superyacht Tenders and Toys offers a comprehensive consultancy service to ensure clients receive unparalleled expertise and access to an exclusive selection of cutting-edge yacht tenders. Our priority is to procure the perfect tenders to complement the calibre of your mothership, cater to your requirements, and exceed the expectations of even the most discerning charter guests.

Our dedicated in-house team will guide you through every step of the purchase and construction process. It all starts with a detailed discussion to understand your specific requirements. Following that, we provide visual representations that offer a glimpse of the final product's appearance. Every aspect can be customised according to your preferences.

Once the construction commences, our project managers closely collaborate with the builders, ensuring that the end product meets your satisfaction. Moreover, we assist with all documentation and coordinate the delivery to the destination of your choosing.

TENDER PROJECT MANAGEMENT

Our team of in-house project managers will leave no stone unturned in their quest to deliver the perfect solution for your tender requirements. Managing your project from start to finish including full build support, photo updates, regular reports and on-site inspections, we offer assistance at any level you require.

Having worked with dozens of tender manufacturers worldwide, our project managers are in tune with all recognised build processes and classifications. This enables them to provide precise recommendations, ensuring you receive a product of unparalleled quality.

TENDER REFIT & REPAIR

Whilst our new build team thrive on construction from scratch, sometimes an existing tender is simply irreplaceable. This is where our extensive tender refit services come into their own.

With our expertise and skill, we can tackle repairs of almost any damage, no matter how severe. We also undertake refit and refurbishment projects to restore your tender to its original pristine condition. We will manage your refit or repair from start to finish, providing a dedicated point of contact for project management.

ROAM BOATS

ROAM

ROAM CONCEPT

ROAM is the brainchild of Superyacht Tenders and Toys. An innovative partnership with naval architects, Argo Navis, ROAM are delivering boats with first-class superyacht compatibility. Born from our client's increasing appetite for adventure, a ROAM boat will spur your desire to explore remote areas in comfort and safety.

Often described as the 4x4s of the sea, ROAM boats are carefully designed to offer maximum deck and storage space and are perfectly geared towards the dive and toy arena. Intended for superyacht use, ROAM delivers the ultimate balance between support and adventure.

ROAM design and manufacture a wide range of support vessels, from Inflatable Landing Crafts and Adventure RIBs right through to the go-anywhere, superyacht toy carrier.

TOYS

Make waves with the latest superyacht toys and be the envy of all other yachts on the water.

POWERED TOYS

Our comprehensive selection of powered toys delivers innovative and fun ways to entertain even the most adventurous guests.

Cruise effortlessly atop the waves using Fliteboard eFolios and Awake electric surfboards, or plunge into the depths with SEABOB sea scooters and personal submarines. Whether you want to explore the natural world or get the adrenaline pumping, we will find the perfect powered water toy for you.

WATERSPORT TOYS

Discover our comprehensive selection of water sports equipment, catering to enthusiasts of every skill level. Whether you seek the adrenaline rush of kitesurfing and windsurfing, or the serene experience of stand-up paddleboarding and kayaking, our collection caters to all your aquatic interests. Immerse yourself in the exhilaration of wakeboarding, waterskiing and wakesurfing, or embark on a voyage with our premium sailing dinghies.

UNDERWATER TOYS

The quality of your underwater experience hinges on the gear you use. We provide a wide selection of dive equipment, including masks, snorkels and complete dive sets with tanks and compressors, as well as submarines and submersibles. With our years of experience, we offer practical advice, project management and support for choosing, using, renting and installing the best submersible products in the industry.

BEACH SET UP

Planning and organising a beach set up can be hard work and time-consuming for crew. We aim to take the pressure off with our beach set up kits, including furniture, gazebos and tents, inflatable platforms, BBQs, cool boxes, lights, games, inflatable platforms and even inflatable cinema screens. These are configured for quick set up and pack away, taking up minimal space on board. Our team will help you plan the ideal kit to create a unique beach experience that balances relaxation, fun and luxury.

GYM & SPORTS

Time spent on board your superyacht shouldn't mean relinquishing your commitment to health and fitness. New technology and a clever use of space can enable an ever-growing selection of onboard sports. Popular individual activities include golf, clay pigeon shooting and fishing. Games decks are popular for team sports such as tennis, volleyball, football and basketball.

Elevate your fitness regime with our selection of premier gym equipment for superyachts from renowned brands like Life Fitness, Technogym and Ciclotte. Our comprehensive service oversees every aspect, from conceptualising your onboard gym to executing the set-up and ensuring timely delivery.

CUSTOMISED TOYS

Toys out on the water should be as eye-catching as the mothership. However, despite the promise of instant exhilaration, all too often, the colour and configuration of factory-built toys can leave much to the imagination.

Personalise your experience by customising water sport toys with matching colours and branding that seamlessly complement the mothership and match your vision.

TOY RENTAL

A luxury charter yacht provides the perfect opportunity for endless water-based fun. Elevate guest satisfaction on the water while optimising your charter revenue with an array of cutting-edge superyacht toys.

Operating from bases in the UK and Monaco, the rental arm of Superyacht Tenders and Toys boasts a widespread presence, facilitating swift delivery and retrieval of tenders and toys to any location. Our inventory features impeccably maintained, state-of-the-art models.

We focus on providing eco-friendly rentals and offer electric-powered toys. In turn these are easy to operate, have minimal to no maintenance and can be heavily relied upon onboard to ensure a smooth charter experience for both guests and crew.

SHIPYARD SUPPLY CO.
