SWAN North American Alliance

- **Goal:** To accelerate smart water/wastewater development in North America through the SWAN Forum's collective, global industry expertise
- **Why SWAN North America?**
 - North American Utilities are very quickly becoming leaders in Smart Water
 - Workshops, specialized webinars, and centralized smart water resources
 - Collaborate with fellow utilities and solution providers across the U.S. and Canada

Alliance Partners

SWAN NA Alliance – First Year Accomplishments

Nov. 2016

1st Webinar on
“Promoting
a Data-Enabled
Smart Water
Future”

Nov. 2016

Water Readiness Guide:
Policy recs. for new
administration to create
a resilient water future

Jan. 2017

1st Alliance Workshop
with Cleantech San
Diego, attracting over
200 participants

March 2017

**SWAN Research
Portal:** A repository
of smart water
resources

June 2017

2nd Webinar on
“Boosting Smart
Water Policy”

June 2017

**1st Alliance
Newsletter**

Added key strategic partners: Alliance for Water Efficiency, Cleantech San Diego, Current, Global Water Technologies, Global Water Works, Isle, NACWA, Smart Cities Council, Splashlink, WRF, WE&RF and WEF

SWAN

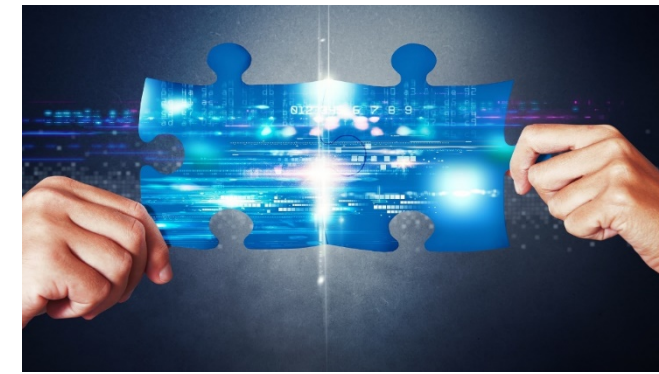

ASIA-PACIFIC ALLIANCE

SWAN Annual Conference

- 2017 Conference welcomed 220+ participants from 31 countries and featured 20 global water utility speakers
- Central networking event included cutting-edge content, case studies and roundtable discussions to advance the smart water industry

Full SWAN Membership Benefits

All Members receive access to:

- Cutting-edge **SWAN research** reports and industry tools
- **1-2 free passes** to the SWAN Annual Conference
- Chance to become a **Lead Partner** in SWAN regional alliances shaping the future of water and wastewater networks worldwide
- **Discounts** to leading global industry events and insider reports
- **Networking** opportunities within SWAN's global community and the ability to promote your own research and insights
