

Standalone Mini Smoke Detector

SB-053-REV-A

This miniaturized smoke alarm packs outstanding functionality into a streamlined design, allowing for more rapid and accurate detection of smoldering fires.

A high-capacity battery provides 24/7 protection for the entire family, so you won't need to worry about battery replacements or power failures.

Durable, corrosion-resistant, and flame retardant, this smoke alarm has been built to provide reliable protection. Once a fire starts, this smoke alarm will emit an 85 dB alarm sound, ensuring everyone is alerted and has time to evacuate.

Approvals

All models on this data sheet include all of the following approvals: **CE and RoHS**

Product specifications

Safety Standard	EN 14604:2005 + AC:2008
Sensor Type	Photoelectric
Operating Life	10 Years
Power Source	3 V CR123A Lithium Battery (Non-replaceable)
Standby Current	< 6 μ A (average)
Alarm Current	< 60 mA Alarm Sound Level \geq 85 dB at 10 ft (3 m)
Operating Ambient Temp.	40°F to 100°F (4.4°C to 37.8°C)
Operating Relative humidity	\leq 85% RH (Non-condensing)
Silence Duration	\leq 9 minutes Indicator Light Red LED
Product Weight	0.20 lb (91 g)
Product Dimensions	3.0" x 3.0" x 1.9" (78 mm x 78 mm x 48 mm)
Package Contents	1 x Alarm Unit + 1 x Mounting Bracket + 2 x Screws + 2 Anchor Plugs + 1 x User Manual

Small Size, Incredible Performance
