

TOTAL CONTROL AT YOUR FINGERTIPS

Guida is an advanced, intuitive app that gives you **complete control** over your yacht's environment with just a few taps. Owners and guests can effortlessly set the desired ambiance and entertainment, and Guida will adapt seamlessly as they move through different spaces onboard.

Designed to integrate with any existing ecosystem, Guida works on any platform, offering the most flexible, sleek, and advanced control interface on the market.

Whether you need control over AV systems, HVAC, lighting, or curtains, Guida ensures your yacht's technology responds effortlessly to your needs.

OUR APPROACH

A UNIVERSAL APPLICATION

Guida provides a universal platform that integrates seamlessly into your yacht's digital ecosystem, compatible with any device. This fully customizable Graphical User Interface (GUI) offers seamless control over AV systems, HVAC, lighting, curtains, and more—all in a single app. Its responsiveness and intuitive design make it feel like a 6th sense, simplifying control of your environment with just one tap.

Guida is designed to enhance the onboard experience, transforming how you interact with your yacht's technology.

INTUITIVE LIKE A 6TH SENSE

PART OF OUR DIGITAL INTEGRATION LINE

Guida is part of VBH's Digital Integration line, a concept that differentiates itself from traditional system integration by focusing on the «**WHY**» and «**HOW IT FEELS**» for the end-user.

Unlike traditional approaches that center around technical functionality, Digital Integration is designed to benefit every client by ensuring that technology not only enhances the user experience but blends effortlessly into the yacht's ecosystem. In essence, Guida becomes an integral part of life onboard—intuitive, ever-present, and always enhancing your experience.

UNIFIED CONTROL

Manage all digital systems onboard—including AV, HVAC, lighting, and curtains—through a single, user-friendly interface. Guida ensures your preferred ambiance follows you throughout the yacht.

ONE-TAP SIMPLICITY

With just one tap, perform activities like “Watching a Movie” or “Listening to Music” without needing to manually control individual devices—Guida handles everything for you.

CUSTOMIZABLE DASHBOARD

Personalize your control interface by arranging widgets based on your preferences, and customize with colors, fonts, and backgrounds that match your yacht's design.

OPTIMIZED READABILITY

Choose from well-balanced color schemes and font types, with day and night modes for optimal viewing.

UNMATCHED RESPONSIVENESS

Powered by VBH's Framework, Guida is the most responsive app for controlling AV, HVAC, lighting, and curtains onboard.

UNIVERSAL ACCESS

Access Guida on any device—whether it's your phone, tablet, or computer—regardless of your operating system.

HOLISTIC MANAGEMENT

Guida provides a comprehensive solution to control all your yacht's technological environment, ensuring that it will always meet the moment's demands.

LIFESTYLE ADAPTABILITY

This customizable solution adjusts to the specific preferences and lifestyles of yacht owners, guests, and crew. Tailored to individual preferences, Guida offers a personalized, smooth experience for everyone onboard.

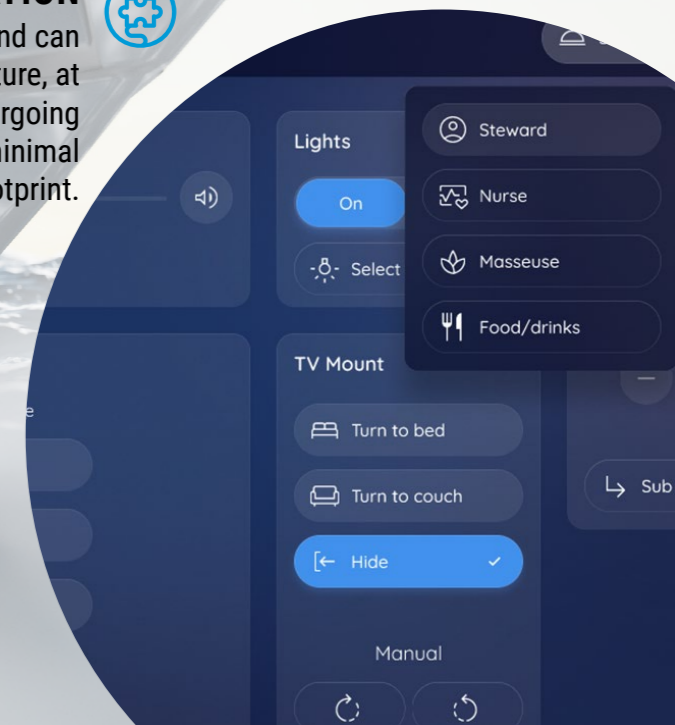

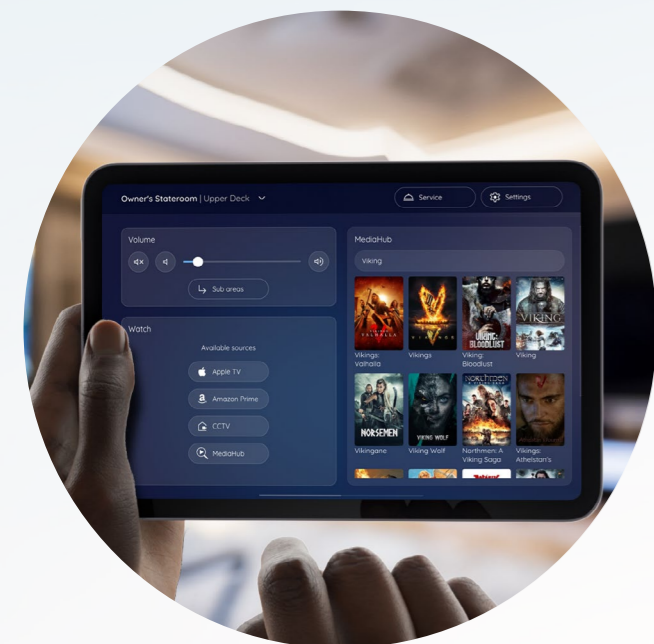

SEAMLESS INTEGRATION

Guida works flawlessly with any existing system, and can integrate seamlessly into any digital infrastructure, at any stage, whether your yacht is a new build, undergoing a refit, or in ongoing management—with a minimal technical footprint.

FUTURE-PROOF FLEXIBILITY

Guida offers full adaptability through non-proprietary technologies, allowing your technology to evolve and grow with your yacht's ecosystem. Its future-proof design ensures seamless integration with new devices and technologies as they are added to your yacht.
