 **CLCDV Livingcare Co.,Ltd.**

N a n o S l i m

12.3cm Slim Size

Fit in limited kitchen space!

12.3cm Super Slim width

Are you
**really drinking
clean water?**

Immediate Fresh Drinking Water
Running water all the way to
your cup.

We bring change to your life
with LIVINGCARE real tankless
direct-water-source cold/hot water purifier.

Tankless All-In-One Filter

Effectively remove bacteria and various impurities!

3-in-1 Filter

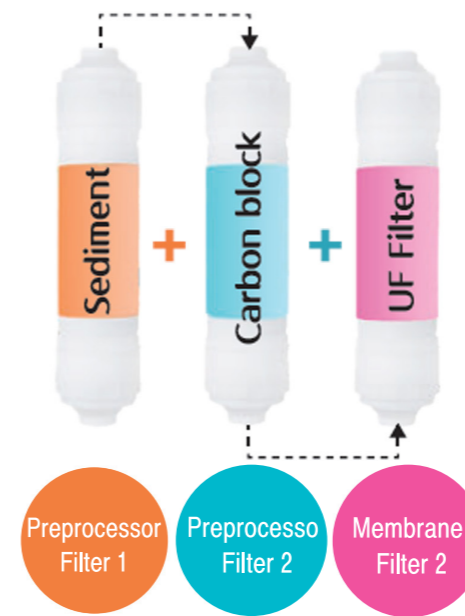

LIVINGCARE

Nothing **more convenient!**
Nothing **more economy!**

Combine 3 Functions Together

Reduced size by combining 3 filters (felt, compressed activated carbon, hollow fiber film) into 1.

Filter in other products

LIVINGCARE Filter

LIVINGCARE Filter ... Compare with other products using 2~3 layers of filter, LIVINGCARE purifiers adopt 3 in 1 filter for easy replacement, **Not only convenient but also economic.**

Maximized Energy Efficiency

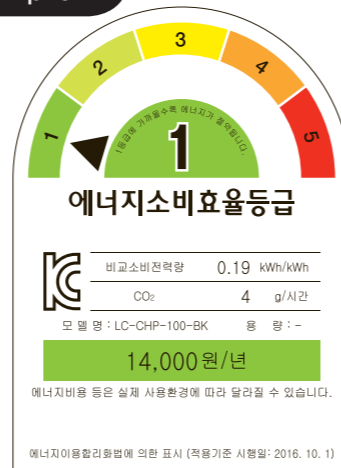

Minimum standby power consumption!

Maximized Power Efficiency

Reduce energy waste close to 0 in standby mode.

Nearly ZERO STANDBY Power Consumption

『Energy Consumption Efficiency Rating』 indicates that Livingcare's water purifier is the First Graded product in Energy efficiency achieved by the Korea Energy Agency.

Save Energy! Save Money! Eco-friendly Power-saving Technology

Power up only when water flows,
Near Zero electricity consumption in standby mode.
Only need less than 1/6 of power in other products.
Near zero consumption in waiting mode.
Different from other purifier, **no heat generated** in standby.

A Smart Oasis in Family

brings you healthy water

LIVINGCARE Real Tankless Cold/Hot Water Purifier

- Maximizes Space Efficiency
12.3cm Super Slim Size
- Convenient and Easy to use
Touch Pad Display
- Zero Consumption in standby,
No worry of wasting power
Low Power Design
- Automatically clean and drain off internal water lines
Safe Care System
- Easy-replaceable Filter with
Auto Cleaning Function after replacement
- without refrigerant
Eco-friendly Cooling System
- No water tank
Direct and Instant Cold/Hot
- Perfectly removes all kinds of impurities
All-In-One Filter

Tankless

direct water supply

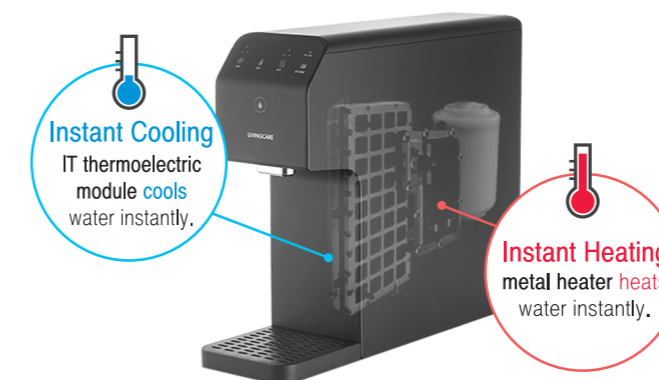

Instantly purified fresh water

Stay away from **bacteria and mould** grow inside water tank.

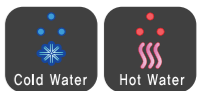

Avoids bacteria and other contamination by drawing water directly through internal water line. Always provide healthy and purified fresh water.

Three Stages of Cold/Hot Temperature Select

Three Levels of Temperature Select (1-3 stages of cold/hot water)

Water with different temperature for customer preference.

Water purified is not from water tanks. Push the button, water will be cooled/heated instantly while flowing out. No need to worry about drinking putrid tank water.

ZERO Noise Keep your home quite

Noiseless with no operation in standby. Noiseless system keeps your home quite and comfortable.

Eco-Friendly Thinking for the Environment

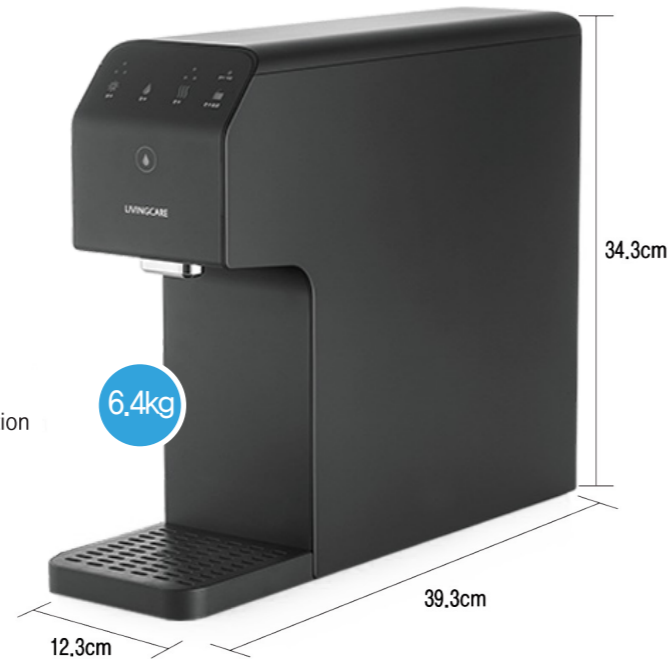

Contains no hazard refrigerants such as Freon Gas. Eco-friendly purifier carries true value.

Specification

「KC Mark」 is the only Korean official authentication mark for water purifiers that fully comply with regulation and standards.
No worry of product quality with 「KC Mark」.

Product Name	LC-CHP-100	LC-HP-200
Size (W X D X H) mm	W 123 X D 393 X H 343 mm	W 123 X D 393 X H 343 mm
Weight	6.4kg	4.25kg
Rated Power	220V/ 50/60Hz	220V/ 50/60Hz
Instantaneous Power Consumption	Cooling 1.2kW / Heating 2.6kW	Heating 2.6kW
Filter Structure	ALL-in-One (Sediment filter, Carbon block filter, UF filter)	ALL-in-One (Sediment filter, Carbon block filter, UF filter)
Cooling Method	By Thermoelectric Semiconductor	-
Heating Method	By Metal Heater	By Metal Heater
Effective Purification Amount	1,300 L	1,300 L
Filter Life	6 ms	6 ms
KC Certification	KC (Electronics Safety Authentication) - HC07165-15002A KC (Certificate for the Registration of Broadcasting & Communication Equipment) - MSIP-REM-LVc-LC-CHP-100	KC (Electronics Safety Authentication) - HC07165-15002A KC (Certificate for the Registration of Broadcasting & Communication Equipment) - MSIP-REM-LVc-LC-HP-200
