- ❖ Our Marguerite Road Blocker is delivered on a pallet, making it easy to install and transport using a crane or forklift.
- ❖ Measuring 178.5 cm in height and 96.9 cm in diameter, the complete device weighs 500 kg.

- ❖ Fully customizable product in terms of paint and optional translucent orange cap available in blue.
- ❖ Orange or blue solar LED flashes can also be added (coming soon).
- ❖ Certified to ISO 22343-1 crash test standards, Marguerite allows a maximum penetration of 13 m by a 7.5-ton truck traveling at 50 km/h.
- ❖ Our Marguerite Road Blocker is the perfect complement to our VIGIBLAX and BLAX barriers.
