

PERMEATE CONNECTOR

PiPerLink

patent pending

FEATURES

- A **solution for every RO/UF** vessel brand, connection and size
- **Versatility** in design and variety of connection options that allows cost savings in the design, manufacturing and installation
- Improved dynamic internal shape which leads to **energy savings** due to a **lower pressure drop**
- 100% plastic noncorrosive material
- **Thermo-sealed** (glue free)
- **Certified** for drinking water according to NSF Standards

BENEFITS

- **One product / One manufacturer / One supplier**
 - Customizable products for a plug-and-play installation without any secondary operation (cut to size, welding, gluing...)
 - More economic
- Reduction of connections, lower risk of leaks

Piedmont

DIFFERENT OPTIONS & CONFIGURATIONS

PiPerLink

patent pending

CUSTOMIZED END CONNECTORS TYPES AND SIZES

DIMENSIONS

1" - 1.25" - 1.5"

CONNECTIONS

- LOOSE NUT
- NPT MALE
- COUPLING
- WELDED

CUSTOMIZED LENGTHS

HOSE

Cut to size

ELBOW

2 sizes, short and long models available for different RO vessels

INTEGRATED SAMPLE PORT

Proving test can be done without disassembling the permeate connector

TRANSPARENT OR OPAQUE HOSE

CUSTOMIZED COLORS

	Ø Diameter	RO Connector	Hose Connector	Length
Elbow PLE	1.00 in	M NPT	M NPT	70 mm
	1.25 in	G	G	150 mm
	1.50 in	LN NPT	W	
	Example: PLE - 100 - MNPT - W - 70			

M NPT: Male NPT Thread • LN NPT: Loose Nut NPT Thread
G: Grooved Coupling • W: Weld

	Ø Diameter	Elbow Connector	Collector	Length
Hose PLH	1.00 in	M NPT	M NPT	050 cm
	1.25 in	G	G	100 cm
	1.50 in	W	W	150 cm
		LN NPT	LN NPT	
	Example: PLH - 100 - LNNPT - G - 050
