

Boat Grip

100mm x 1.4m, 300mm x 1.4m & 600mm x 1.4m

- **Lightweight & Waterproof**
- **Conformable on curved surfaces**
- **Reduce vibrations and noise**
- **Works at -30°C to + 80°C**

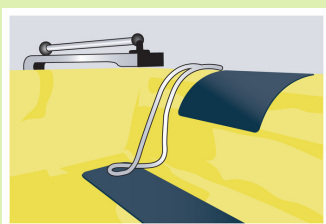

Boat Grip is a high performance, lightweight non-slip foam tape. Use to provide a more secure grip to any surface.

Grip and Go

- **Side decks**
- **Trapeze Racks on Dinghies**
- **Swim Platforms**
- **Gunwales**

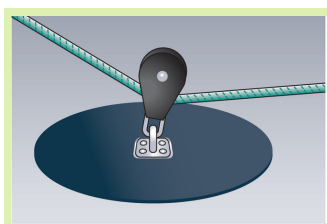

Extra Grip

Provides an excellent grip on deck and trapeze rails, use as padding to give extra comfort for seating areas. The smooth foam ensures there is no wear on sails, wet suits or diving suits.

Protect Key Areas

Protect deck from damage, providing a cushion against hard impacts. Apply to the surrounding areas of chainplates and spinnaker poles.

Prevent Wear

Padding is great for absorbing vibrations and noise, creating a non slip surface to secure loose objects inside lockers.
