FLIPPER™ MAX

CARBON

FLIPPER™ MAX CARBON

Pure performance, zero compromises

The lightest and most advanced handle ever built
Made from forged carbon for unmatched strength
and ultra-lightweight performance.

DIMENSIONS

CLOSED: 190 mm (7.48 in)

OPEN: 254 mm (10 in)

WEIGHT: 588 g

Designed for sailors who demand the best.

01 Characteristic

The innovation of Easysea's *Flipper Max Carbon* lies in the introduction of forged carbon technology into its most iconic accessory.

This technique makes it possible to achieve a **100% carbon structure** and create complex geometries without compromising on design.

100% CARBON FORGED

02

Characteristic

A handle that never bends.
Neither to wind nor to time.

RESISTANT
TO SUN, SALT, AND TIME

STRONGER
THAN ALUMINUM

LIGHTER
THAN ANY METAL

03

Configurations

1

CLOSED

Folds onto the winch to allow you to furl or let the sheet out smoothly and without obstacles. Perfect for safe and tidy maneuvers.

2

HALF OPEN

Ideal for quick and versatile maneuvers. Many sailors prefer this configuration for fast sheet handling

3

OPEN

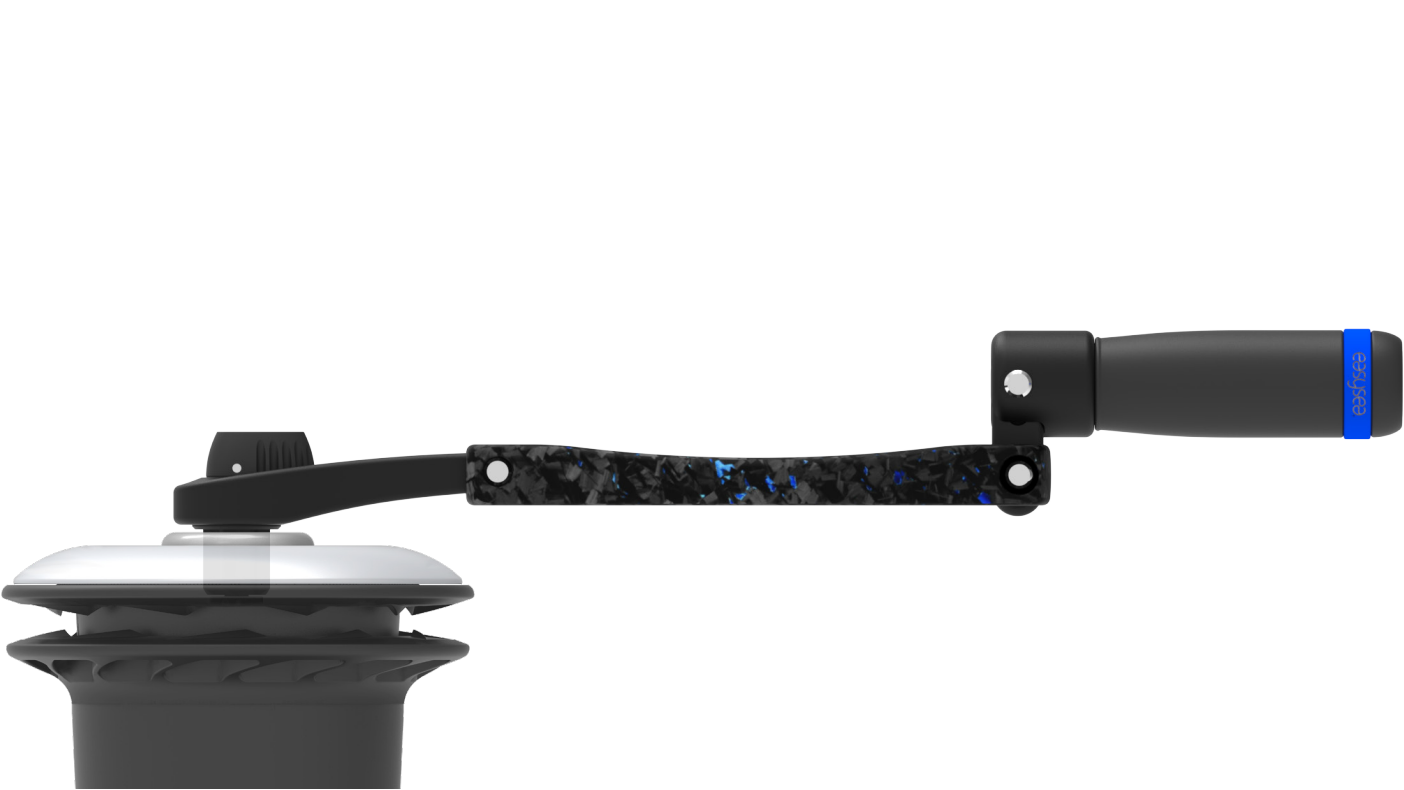

Using a standard lever to ensure precise control during maneuvers. Functional design for efficient sailing.

4

EXTENDED

Featuring a unique 30 cm lever. Provides superior power and precision, making maneuvers easier and less tiring.

LIGHT AS AIR
SOLID AS ROCK
