

Providing full recyclability
and ease of installation.

NEW Fastmount clip for PET acoustic panel installers.

VL-PF3: Fast, Flush, and Fully Recyclable

The VL-PF3 is a very low-profile recessed clip designed for PET acoustic panel installations in commercial and architectural interiors. It offers fast, easy installation, a 2mm panel gap, non-sequential removability, and supports sustainability—no glue is required, allowing panels and clips to be fully recycled.

IDEAL FOR

- Acoustic panels
- Large wall and ceiling areas
- Commercial environments

VL-M3/M3H
MALE CLIPS

KEY BENEFITS

-  Fast And Easy Install
-  Fully Recyclable
