

Leading UK Manufacturer
Since 1990

A large, high-quality photograph of a marina scene, viewed through a white-framed window or porthole. The scene shows several white motorboats with blue covers docked at a wooden pier. In the background, there are more sailboats, a red boat, and a coastal town with buildings and palm trees on a hillside under a clear blue sky. The water is a vibrant blue.

ROLEC

World leading marina services specialists

ROLEC

Subsidiary business of SDIPTeCH – a technology group providing specialized technology, solutions, and services.

DESIGN

UK DESIGN & MANUFACTURING

ROLEC are proud to design and manufacture units in the UK at our factory in Boston, Lincolnshire. Keeping this close-to-home allows us to be more involved in the creation process and reduces our carbon footprint as a company by limiting shipping emissions.

R&D Facility – Nottingham

We have our own development of technologies team, on Nottingham's Science Park to capitalise on the region's universities and available skills sets, and today that team comprises of:

- Embedded Software Engineers
- Electrical/Electronic Engineers
- Mechanical Design Engineers
- Full Stack Developers
- UI/UX Developers

Award-winning
smart technology

ELECTRIC BOAT CHARGING

DC charging dispenser solution

- Shared solutions
- Dynamic power output
- Maximises utilisation rate of charging system
- Low infrastructure costs
- Lightweight and compact footprint for floating infrastructure
- Scalable and future-ready
- Liquid-cooled for stable, high performance in hot climates, enabling higher output for longer periods

BRANDING OPTIONS

ROLEC understands the importance of brand identity, so that's why we offer our clients the ability to customise their units to suit their brand guidelines, offering a completely unique aesthetic.

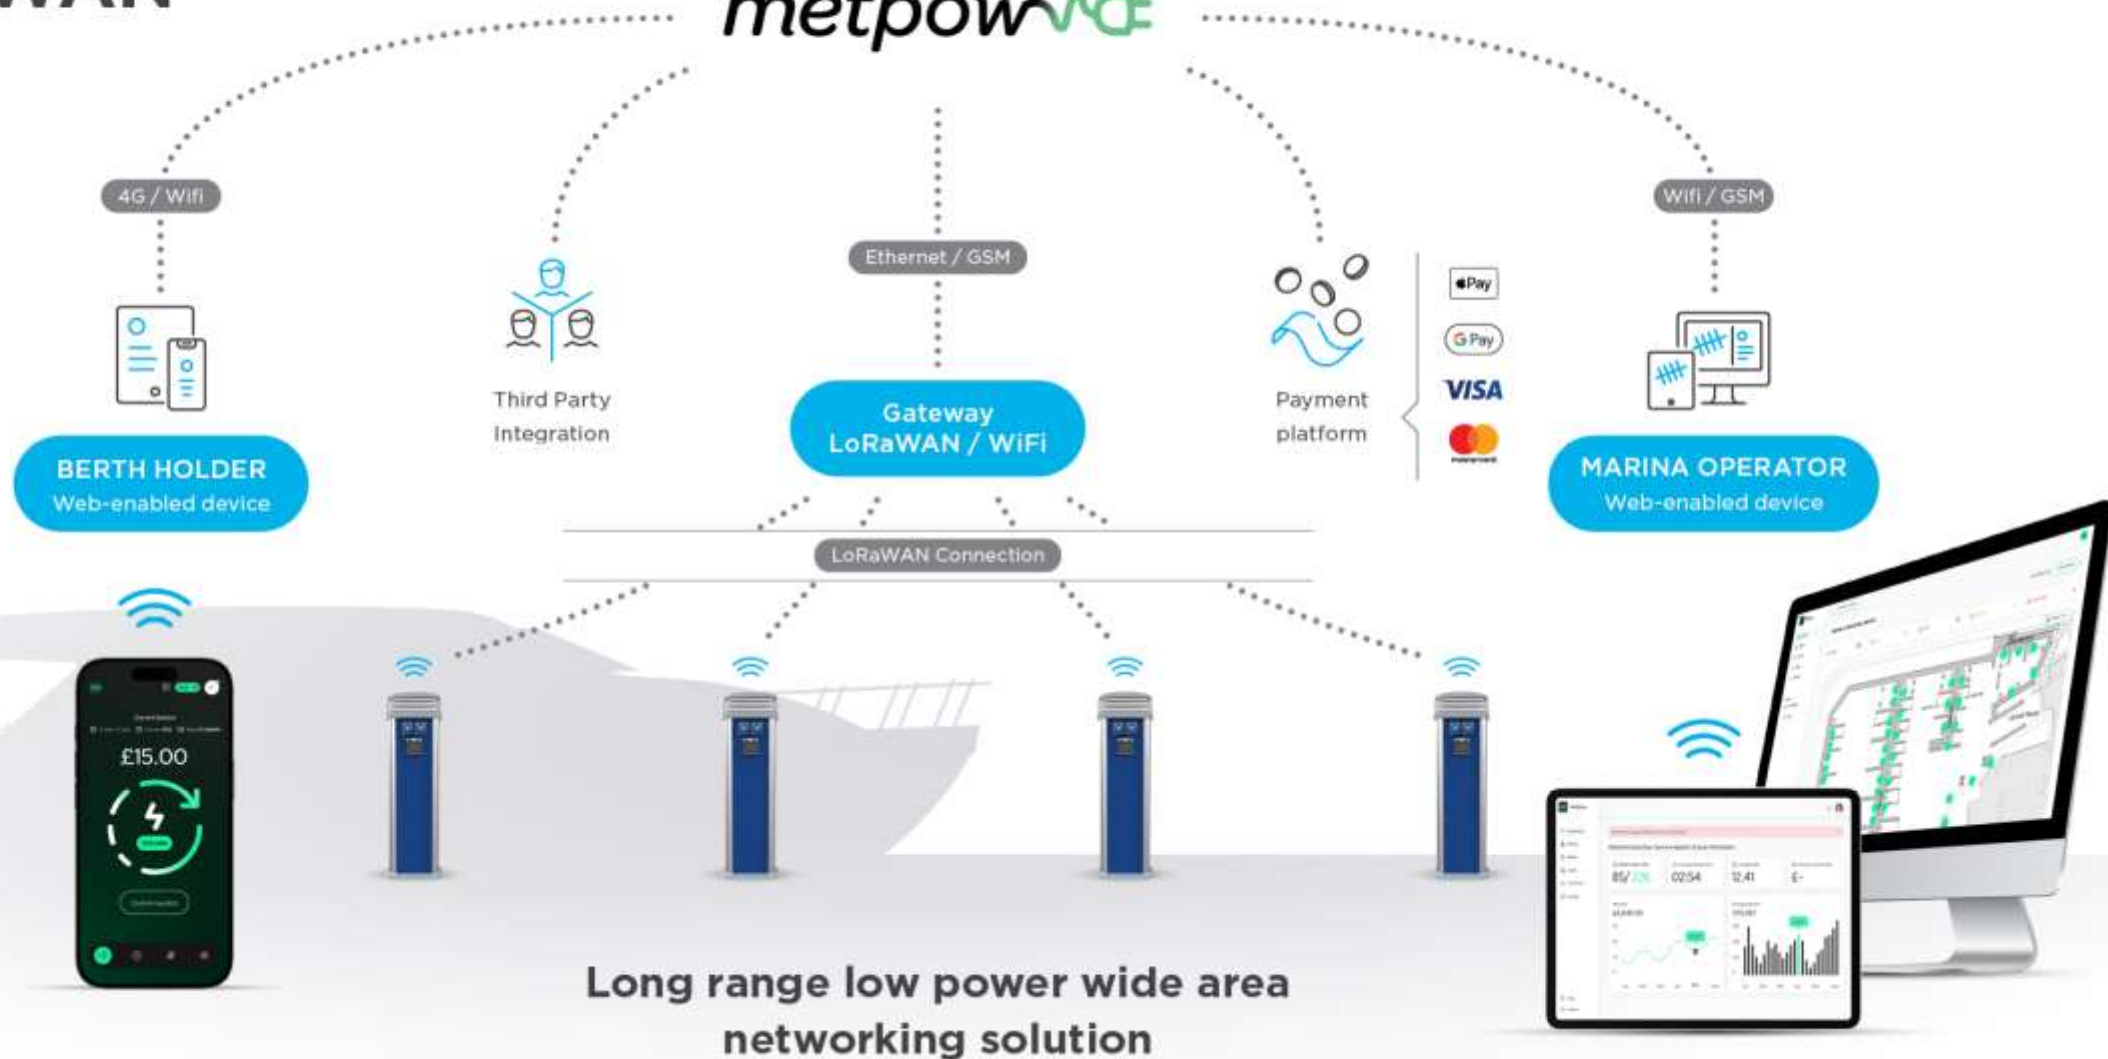

From a simple logo through to a fully bespoke branding, ROLEC take great pride in providing a solution that distinguishes a company's units from their competitors'.

Brand names, logos and trademarks used herein remain the property of their respective owners. This listing of any firm or their logos is not intended to imply any endorsement or direct affiliation with Rolec Services Ltd. and is purely to demonstrate branding opportunities.
