SINGLE TUBE

Compact, light and designed for coastal sailing

HERO Single Tube Liferaft

The HERO Single Tube Liferaft combines simplicity, reliability, and space-saving efficiency—making it the perfect choice for small boats.

Built from **fully welded fluorescent yellow/green TPU fabric**, it offers high visibility and essential protection without compromise. A single universal model covers both 4- and 6-person capacities, giving boat owners a practical and cost-effective safety solution, even when not required by regulation.

Its hexagonal design with reinforced corners and single buoyancy tube ensures stability, durability, and confidence at sea.

Key Features:

Lightweight and compact valise

Dimensions: 490 × 340 × 150 mm

Weight: **10 kg only**

Part n°: 100110

EQUIPMENTS

UNIVERSAL CRADLE

Secure and fully adjustable, this cradle ensures your raft is ready whenever needed.

·NEW·

Key features:

Universal Compatibility: Fits all HERO leisure liferafts and many other brands.

Adjustable Design: Perfect for 4 to 12 person liferafts.

Flexible Mounting: Install horizontally or vertically (on the pushpit, deck, or roof).

Quick Release: Secured with lashing and a pelican hook for fast deployment.

Automatic Deployment: Hydrostatic release compatible

Material: Made of high-quality stainless steel.

Part n°: 270070

GRAB BAG

Fully waterproof survival bag, designed to secure and protect your survival equipments.

Key features:

Compliant with ISO 9650-1

and SOLAS B standards

Certified by RINA classification society

Roll-down closure & transport handles

Part n°: 290100 30 Liters capacity (empty)

Part n°: 290200 60 Liters capacity (empty)

HERO

HERO LIFE-SAVING EQUIPMENT is part of an european group specialized in design, certification and manufacture of equipments for the marine industry (professional and leisure). We design and manufacture our products in a perspective of quality and performance. HERO liferafts are distributed in several countries all over the world. Our main mission is to improve safety at sea, protect and save people.
