

CINEMA SYSTEMS

MOVIE NIGHTS ON YACHT!

In the world of superyachts, uniqueness and functionality are important. Our custom-made products are the perfect combination of these two.

For two 60m's and one 100m+, our bespoke Cinema System has been engineered and installed on board. This solution shows our ability to bring a client's idea to life.

The system is available in a range of different sizes and designs, allowing for flexibility across different yacht layouts and preferences.

Lightweight beams that can be integrated with Sun Awning poles

Made to measure to the preferred screen size

Canvas has a matt appearance to prevent reflection
