NFC Biometric Clock Terminal

The VIGILANT BIOMETRIC CLOCKING TERMINAL Especially indicated to control the presence of operators in a work center (offices, schools, factories, etc.). The identification of the operator can be done by **NFC CARD and/or MOBILE APP**.

Sending information online via built-in **GPRS SIM**

Easy installation:
Plug and play

Real-time time and attendance control

Identification via **NFC card or MOBILE APP**

Cloud-based report viewing

Immediate and direct data transmission via GPRS to web and PC

Detailed report management by employees and clients

SIMPLE OPERATION

The Vigilant time recorder includes a built-in SIM card that sends all clock-in data in real time to the web platform, requiring no installation or configuration. Simply plug it in and you're ready to go. The device connects autonomously to the mobile network and transmits the attendance information for each employee.

IDENTIFICATION, MANAGEMENT AND CONTROL:

Employee Registration:

- Registering cards is very simple; users do not need to visit the office.
- The web management system allows remote registration directly on the time recorder at any time and from any location.
- Cards can also be registered on-site by linking NFC cards.

Online Management:

- Direct and immediate data transfer via GSM and GPRS.
- Activity can be viewed on the web platform.
- Compatible with any mobile device or operating system.
- Detailed reports with filters by day, employee, company, etc.
- Report export in multiple formats: PDF, Excel, Word, Text, HTML...
- Corporate customisation of reports.
- Automatic backup management.

Real-Time Control:

- Email alerts for “employee absence.”
- Automatic sending of daily attendance reports.

INSTALLATION AND OPERATION:

- Delivered ready to use — just plug it in.
- Easy to install on the wall with two screws.
- NO need for local Ethernet or Wi-Fi connection.
- Includes a built-in SIM card.
- Complete transparency, even when working in remote locations.
- Simply install it in a covered area and you're good to go.
