

Solar Yellow Flashing Light

Solar Yellow Flashing Light

Product list

- Lamps:1
- Solar panel:1
- L-shaped bracket:2
- Sun visor:1

Specification

- Model: SJX300-DC-D-AS1Y02
- Number of lamp panels: 1
- Housing: PC
- Illuminated Unit Dimensions: 300
- Pattern combinations: Yellow fills the screen
- Packaging weight: 4.8kg
- Battery Package Weight:3.51kg
- Solar panel packaging weight:1.02kg
- Light/Battery/Solar Panel Packaging Dimensions:49*42*19/16.5*12*12.5/38*37.5*4.5
- LED wavelength: Yellow (590 nm)
- Beam angle: 30°
- Power supply type: Constant Voltage Power Supply
- Operating Mode:Strobe flash
- Operating Voltage:DC12V
- Battery Parameters: 12V10AH
- Solar Panel Specifications: 15W
- Rated power per lamp: ≤6W
- Flicker frequency: 50 times per minute
- Flash duty cycle: 3
- Insulation Resistance: ≥500MΩ
- Dielectric strength: >1440VAC
- Leakage current: <0.5mA
- Service life: >50000H
- Operating temperature: -40°C~80°C

Application Scenarios
