

EASY READER

Specially designed to keep track of the presence and tasks carried out by the operators posted in the cleaning companies, without the need to use the cell phone. Lightweight, robust and waterproof equipment.

Built-in GPRS card. Sending the information in real time to the web platform.

Cost reduction due to the elimination of the use of paper (paperless). Company, Ecofriendly.

Savings in administrative time
Efficient working time management
Impact on the income statement due to savings in inefficient hours

LECTOR EASY

ADVANTAGES

Easy Hiring

Plug and play commissioning

It is very easy to use

It's as simple as bringing the Easy Reader close to the NFC tag placed in the center of the work to clock in

Connectivity is integrated into the EASY READER

A beep and vibration from the device tells the worker that their clocking in is correct and the log has been sent to the cloud app

Both the data service and the server and application usage are unified into a single monthly system usage fee

FEATURE HIGHLIGHTS

Elimination of Work Reports

Total hours spent commuting

NFC Time & Attendance

FEATURES

Small, credit-card-sized, but thicker and more robust equipment that withstands bumps and drops into water

It has no keys or display, just three indicator lights on its housing

Long-lasting rechargeable battery (charges with an Android-compatible charger)

You avoid paying for benefits you don't need and use the right tool for each type of job

Robust and watertight design

No software installation is required to use

WEB PLATFORM

All information is managed on Vigilant's WEB Platform, from which it is Planned, Controlled and reports are obtained for subsequent decision-making.

All this in REAL TIME

WEB PLATFORM

Access the Web Platform from anywhere with an internet connection

Visualize operator clocking's in real time

SERVICE PLANNING

Plan your employees' route with check-in and check-out times

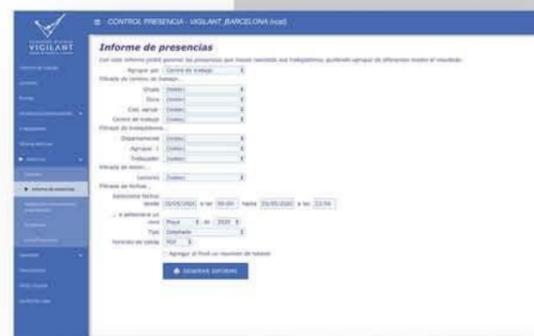

Or if you prefer, by means of an interval of hours indicating the minimum presence time that they have to be in each client

ALARMS FOR NON-COMPLIANCE

Receive alarms for uncovered service

Or, for not having complied with the minimum time of presence indicated in the client

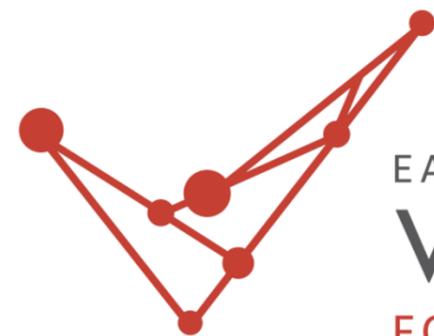

EXPORTING REPORTS

Export pdf or excel reports of the clockings made

Filter by Date, Operator, Work Center

Extract reports of total travel time per operator
