

ELSAG Mobile Plate Hunter®

Advanced Mobile LPR: From Plate Reads to Case Leads

The ELSAG Mobile Plate Hunter is trusted nationwide as one of the most advanced mobile license plate reader systems available today. Agencies worldwide use it daily to recover stolen vehicles, identify unregistered plates, locate missing persons, assist homeland security, and support investigations.

Powered by machine learning-driven OCR models with 99.8% accuracy, the MPH.8 delivers unmatched recognition speed and precision while reducing false reads. Officers and command centers receive real-time alerts when suspect vehicles are detected—helping agencies act quickly, increase efficiency, and close cases faster.

Why Law Enforcement Chooses the MPH.8

- **Rapid deployment:** Easy installation on patrol vehicles.
- **Proven in the field:** Used by some of the world's largest law enforcement agencies.
- **Flexible coverage:** Supports surveillance, investigations, and proactive patrol.
- **Scalable solution:** Integrates with fixed, mobile, and covert ELSAG LPR systems.

Key Benefits

- **Highly Accurate OCR:** Enhanced with deep learning, provides 99.8% recognition accuracy, even on damaged or obscured plates.
- **24/7 Performance:** Reads plates across multiple lanes in all weather and lighting conditions.
- **Compact & Efficient:** Our smallest mobile LPR yet, making it more efficient with low power consumption.
- **High-resolution Imaging:** 1440 x 1080, CMOS sensors capture sharp images across wide fields of view.
- **Seamless Alerts:** Instantly compares plates against hotlists or whitelists and sends alerts to officers in the field.
- **Integrated Intelligence:** Links directly with the ELSAG Enterprise Operations Center for advanced search, analysis, and case support.

Empowering Law Enforcement Beyond Technology

Partnering with Leonardo not only gives you access to the most advanced, field-tested LPR technology available, it also gives you peace of mind. Why? Because we stand committed to providing the superior service and technology our global customers expect from us.

TARGETED LPR TECHNOLOGIES	Our portfolio includes fixed, mobile, solar-powered, and video-camera LPR solutions, each engineered for maximum effectiveness.
24/7 TECHNICAL SUPPORT	Immediate assistance is just a call or click away, ensuring your systems are always operational.
DATA AUTONOMY	The LPR data you collect belongs to your agency. You choose what to do with it, whether to share it, and with whom. Leonardo will never access it or give anyone else access to it.
REGULATORY COMPLIANCE	We support your fixed system installations with comprehensive site surveys and ensure all setups meet local and federal guidelines.
WARRANTY ASSURANCE	Every Leonardo LPR hardware purchase includes a one-year limited warranty with optional extended coverage. Additionally, we continuously communicate with customers about software upgrades and warranty expiration dates to help ensure LPR systems run optimally at all times.

The Leonardo Advantage

Partnering with Leonardo means more than technology—you gain decades of LPR expertise, 24/7 customer support, and solutions proven in the toughest conditions.
