

INTRODUCING

CLICK

A product of **FLEXITEEK** Group

IT'S QUICK AND EASY TO FIT

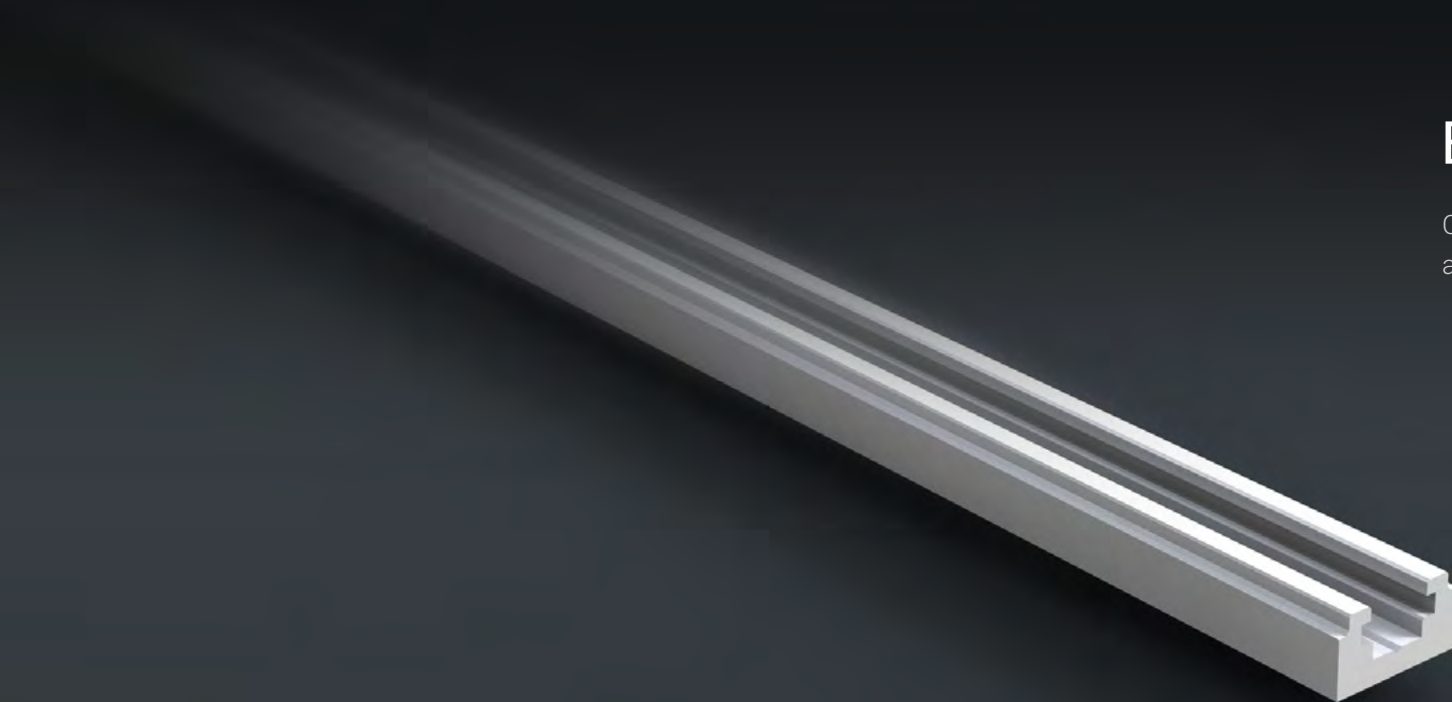

THERE ARE NO UNSIGHTLY FIXINGS

IT HAS A SLEEK AND CONTEMPORARY FINISH

IT'S DURABLE AND WILL LAST FOR MANY YEARS

We set out to produce the best leisure boat fendering system on the market.

With Click we believe we've succeeded.

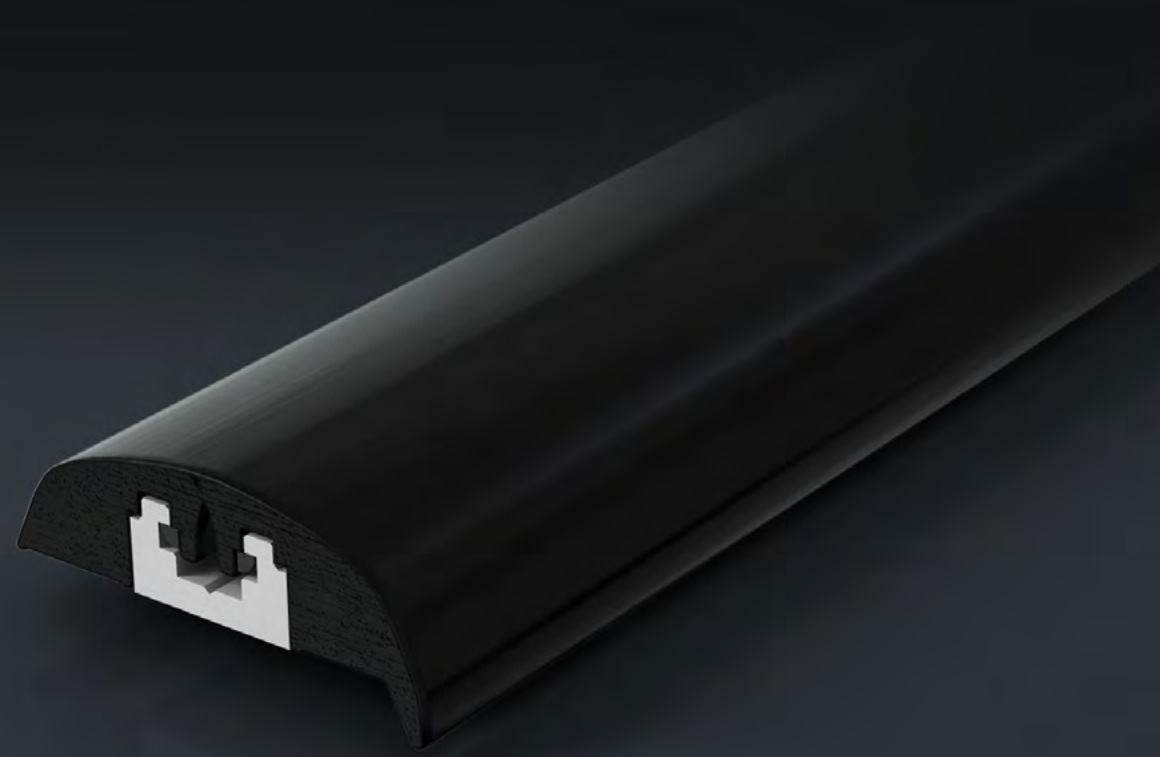

EASY FIX TRACK

Click uses a rigid PVC track that's quickly and easily fixed to your boat.

CLICK – IT'S AS SIMPLE AS IT SOUNDS!

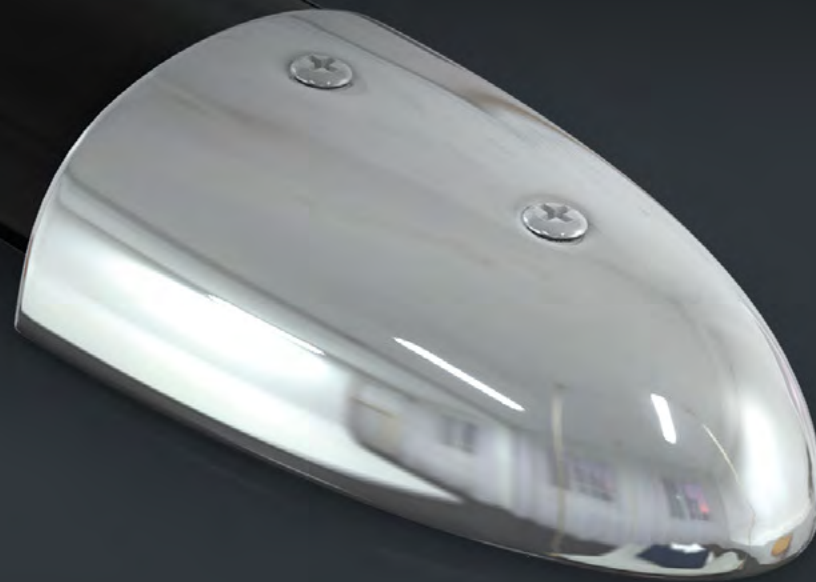

UNRIVALLED IMPACT PROTECTION

You have a beautiful boat and you want to keep it that way. Click's UV stabilised, PVC body is robust and flexible. So, you can be confident your boat will emerge unscathed from minor bumps and scrapes.

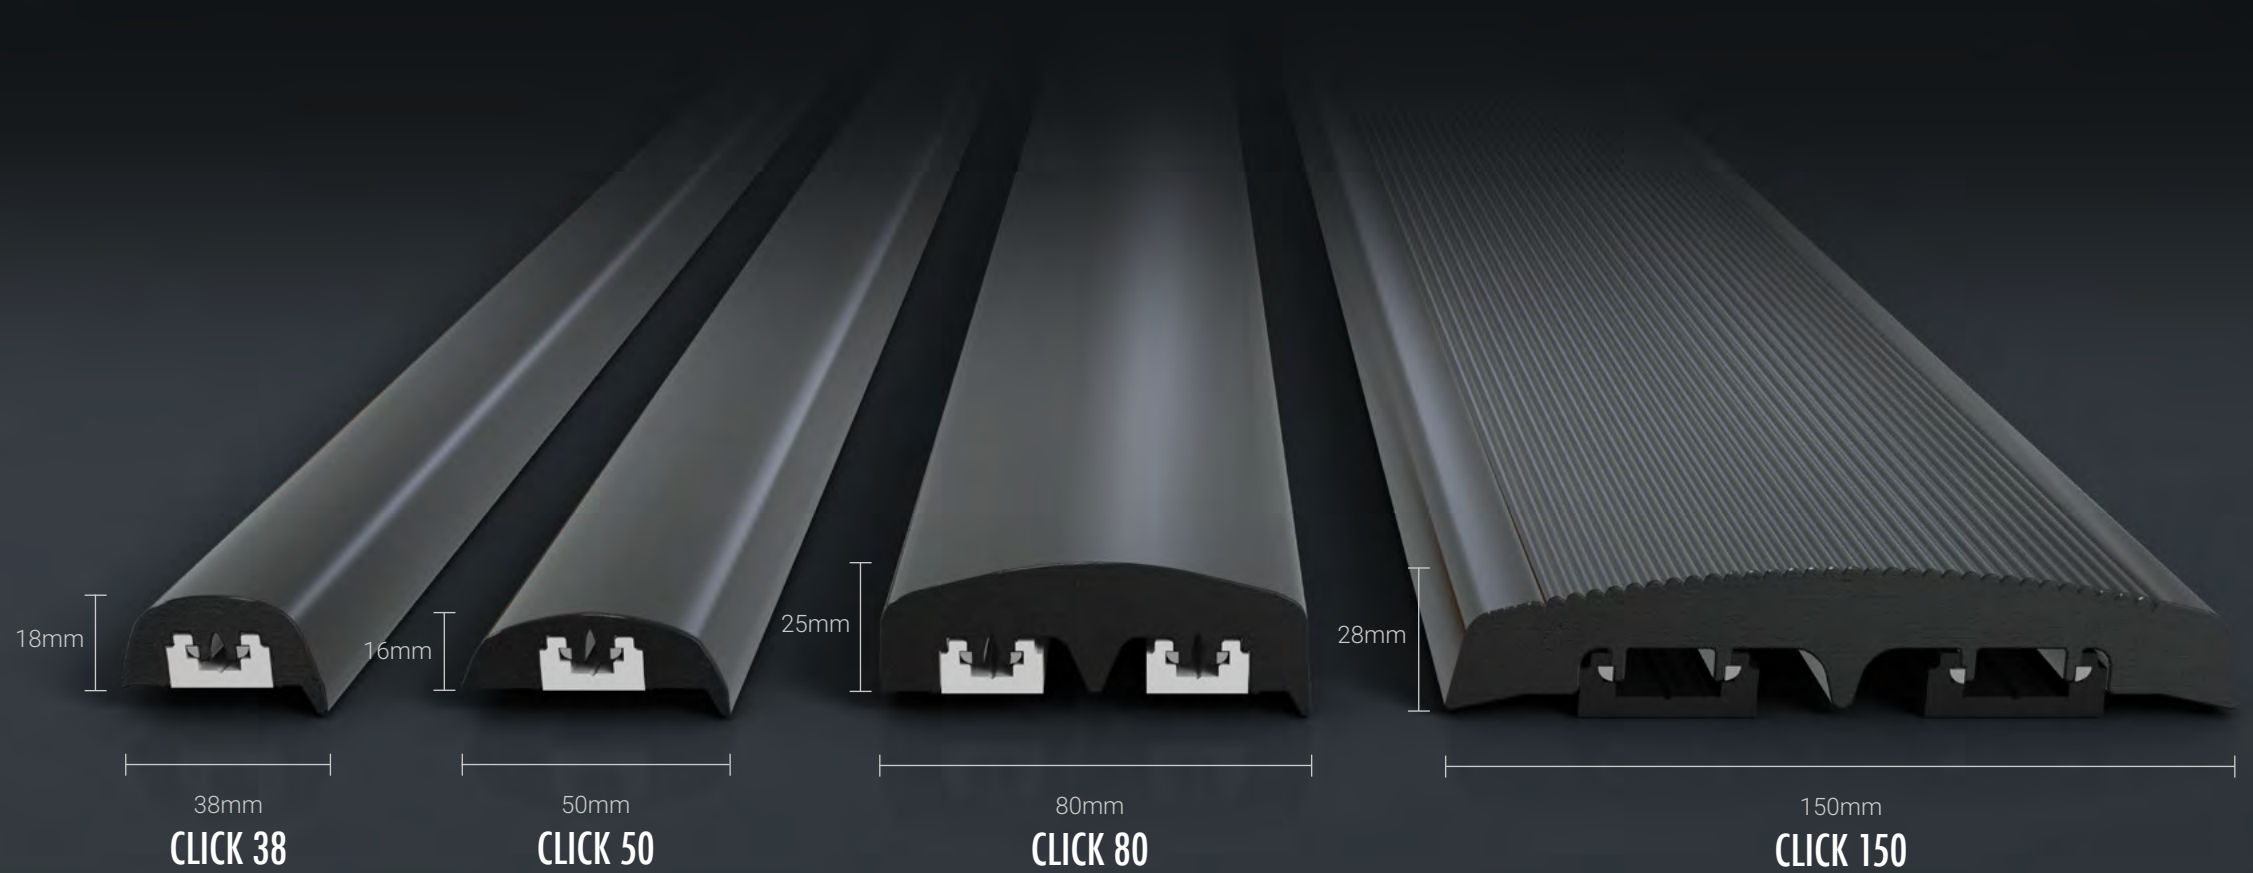

FINISH OFF IN STYLE

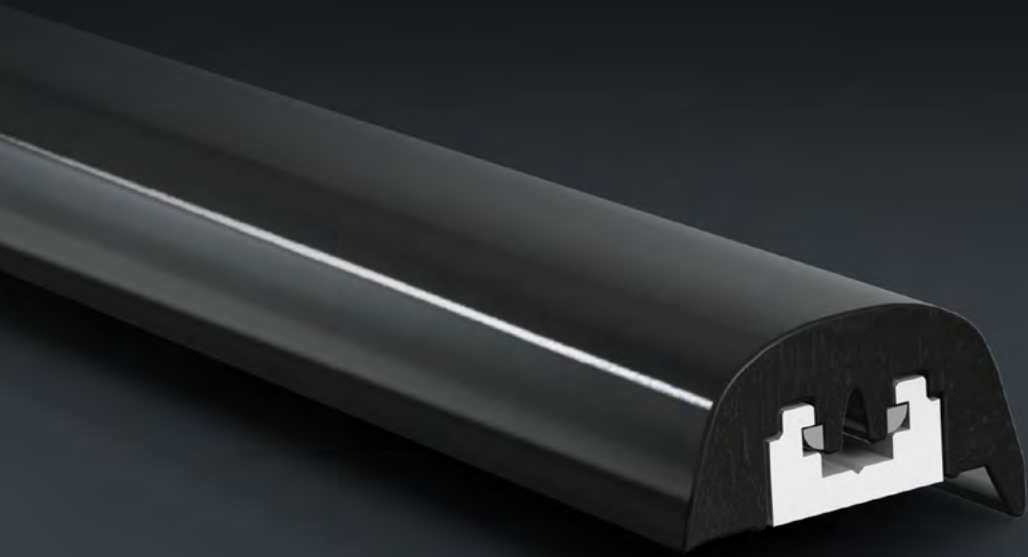

Our stylish, stainless steel end caps have been specially designed to complement your Click fender by providing a sleek, clean finish.

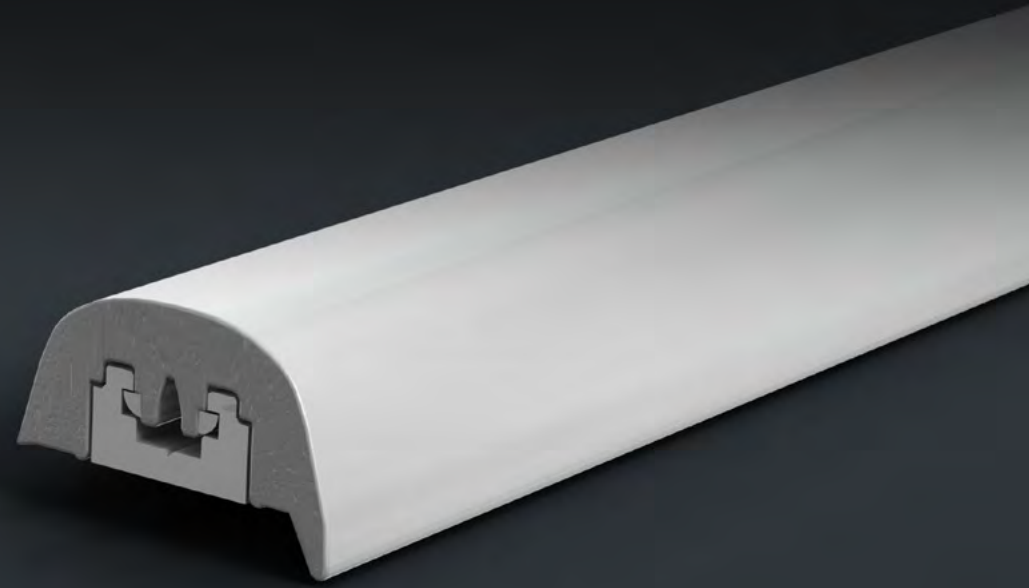

AVAILABLE IN FOUR SIZES

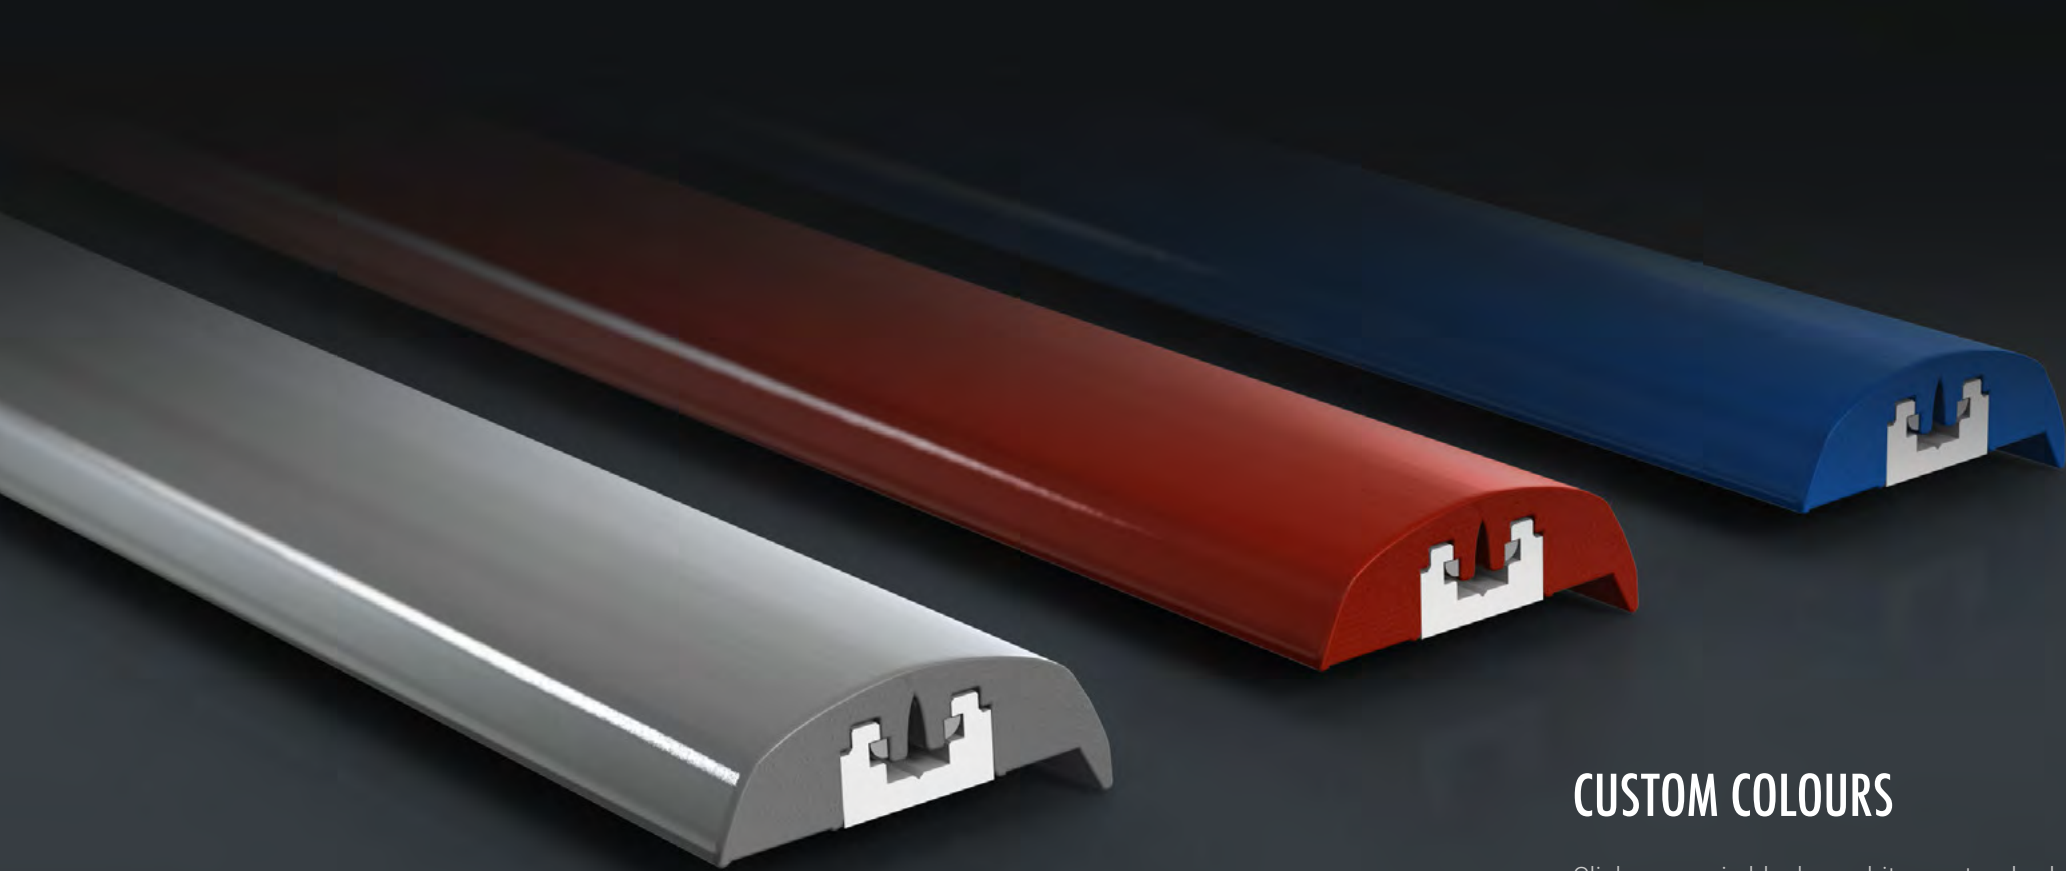

TWO STANDARD COLOURS

Black body

White body

CUSTOM COLOURS

Click comes in black or white as standard, but we can easily customise your order with the colour of your choice. This attention to detail ensures you can show off your boat at its very best.

FAQS

What is Click made from?

Click is made of a flexible UV stabilised PVC body and a rigid PVC track.

What track is used?

Click 38 and Click 50 use a single standard track, Click 80 uses two standard tracks and Click 150 uses two specially sized tracks.

What coil lengths are available for Click?

Click is available in a variety of coil lengths to suit your requirements.

What colours does Click come in?

Click is available in Black and White as stock items. Bespoke colours and lengths are available to OEMs at minimum production volumes, please contact us for further details on this service.

Are end caps available for Click?

Yes, end caps are available in stainless steel for all sizes.

What radius can Click bend around?

Click 38, Click 50, and Click 80 can all bend around an 80mm radius and Click 150 a 120mm radius.

What sizes is Click available in?

Click is available in a 38mm, 50mm, 80mm and 150mm body.

How do I clean Click?

A simple wash using soap and water should be sufficient to remove everyday dirt and grime from Click. A nylon brush can also be used to help release debris from the surface.

How much does Click cost and how do I purchase it?

You can view prices and purchase the Click range easily at wilks.co.uk/click-fendering

How do I fit Click?
