about us

Ina Plastics is a **manufacturing company** of **plastic products** for the agricultural sector for **more than 30 years**.

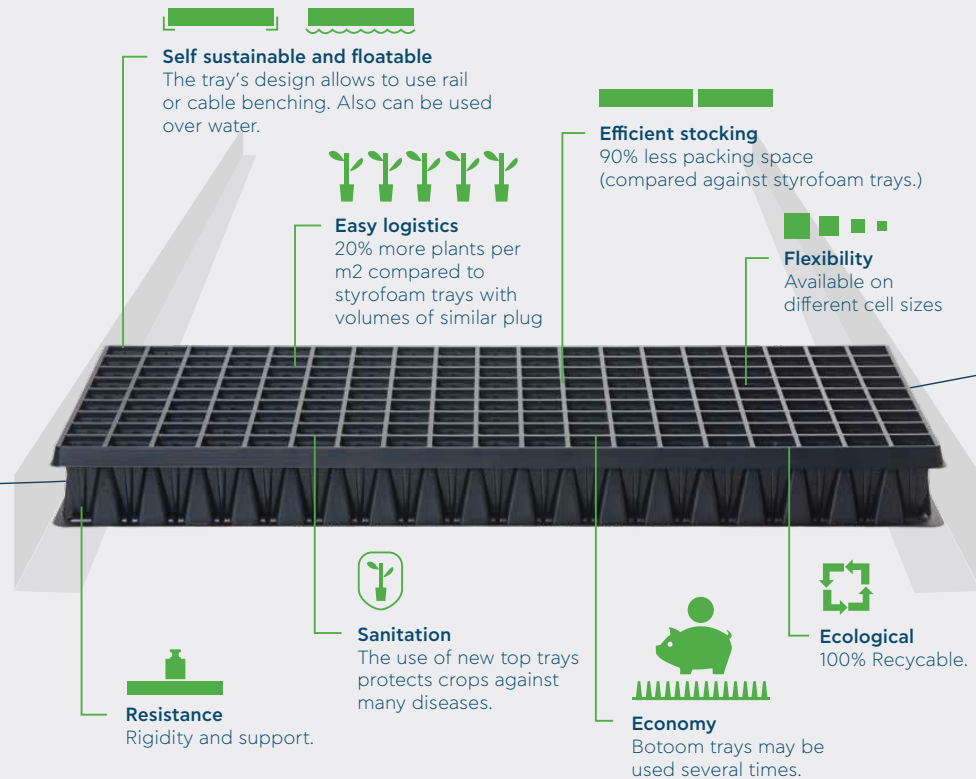

our products

01. **Double Tray System & Propagation Trays**
in various dimensions.

02. **Hydroponic systems**
(Cultivation Troughs & Drainage Gutters)

03. **Thermoformed Pots & Carrying Trays**

- **Double Tray System is a patented invention,** consists of one top plastic tray and one bottom plastic tray for support.

- The plants are **growing strong & healthy** due to cell design.

→ **up to 90% recycled materials**

→ **almost zero carbon foot print**
