

## Wireless Mag - Aura 10W

12/24V magnetic waterproof wireless phone charger.

SC-CW-12F

Introducing our latest innovation - Aura 10W. Designed to withstand the toughest conditions, this device not only wirelessly charges your phone but also securely holds it in place.

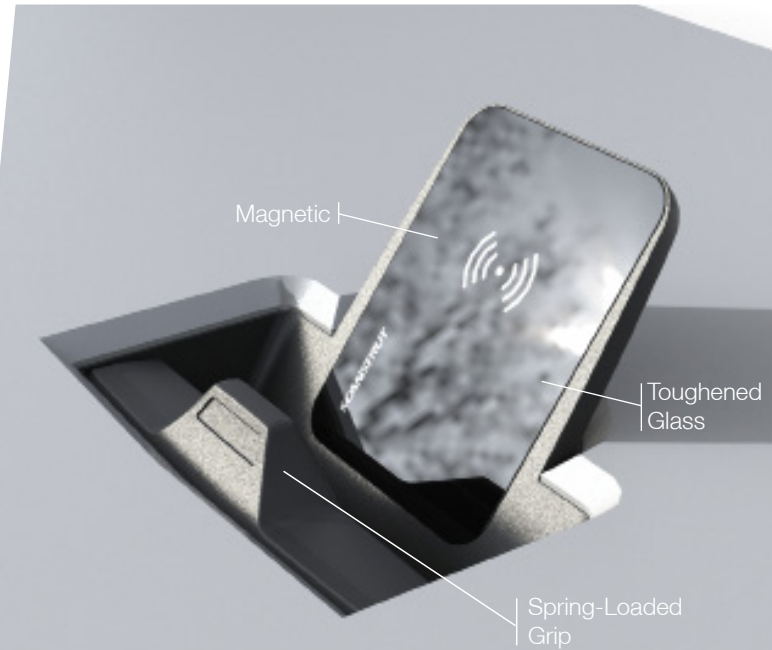

Thanks to our Mag technology, your Apple iPhone will effortlessly magnetically lock into the optimal charging location. Plus, the front spring loaded locking grip ensures your phone remains in place even during rough rides, keeping it fully charged and within reach at all times.

### Installation

Designed to be installed below marine foam products, leaving a clean integrated finish.

### Power

Our new upgraded 10W chargers are up to 60% faster and have been designed for the latest generation of power-hungry devices and apps.
