ENTERPRISE PROFILE

- Shandong Huanan Traffic Facilities, which is ISO, CE and SGS certified which is set up in 2008, land area is 150000 square meters, making the W beam guardrails, roller barriers and related accessories as per AASHTO M180 standard, Latin American standard and Chinese GB standards. Total output can reach 200000 ton each year. We have obtained the management systems certifications ISO9001:2015, ISO14001:2015 and ISO45001:2018 and keep a excellent quality control process.
- With China's national strategy of One Belt One Road infrastructure construction, Huanan guardrails and traffic poles are increasing the international market share, We can now be found in Eastern Europe, Middle East, Middle Asia, South and Southeast Asia, Africa and Latin America more than 20 countries and districts.

Why Choose HUAAN TRAFFIC:

Mr. Wang, the chairman of HUAAN TRAFFIC, started his business in 1996 by producing guardrail blocks in a family workshop. Five years later, he founded a factory specializing in the production of guardrail boards and accessories. In 2008, HUAAN TRAFFIC was founded and began to do export business. Because of his entrepreneurship, Guan town has become the the largest production base for corrugated guardrail in China

We uphold the industry belief of "quality first, never cheat", serve hundreds of thousands of customers, and have received unanimous praise from customers.

In recent years, with the rising price of raw materials and the increasing competition in the industry, we still remain clear-mind, do not let the desire of profit be overwhelming, maintain our original intention, and continue to provide customers with the most appropriate price, the best quality and the warmly service.

We look forward to working with you.
