OFFSHORE INTERNATIONAL

The best way for safe extended offshore cruising.
Hero's Offshore international is required for navigation over 60 miles from a shelter. This model was designed to be the safest, lightest and most compact on the market. Guaranteed stability and resistance under extreme open sea conditions.

Features:

- Leaffield inflation system
- Automatic extension canopy
- Knee boarding ladder
- XXL boarding ramp
- High resistant boarding handle
- Large entrance
- Internal webbing ladder
- High indoor volume
- Easy closing
- Thermo isolated floor
- High visibility yellow canopy
- Durable natural rubber air tubes
- Anti drift water ballast
- Interior and exterior lighting system
- Interior and exterior lifelines
- Rainwater collector
- Breathable waterproof fabric
- Inflation between -15°C and +65°C
- 12 years warranty
- 3 years inspection interval
