

Shadow Boards:

Your Solution to Hygienic Cleaning Tool Storage

Shadow boards are suitable for most environments, including Food and Beverage facilities, general manufacturing sites and distribution centres.

Optimal tool storage

- Efficient tool storage and management
 - quick visual check of missing items
 - correct tool, correct place.
- Minimises the risk of tool cross-contamination, damage, and injury to people (trip hazard).
- Doesn't rely on language.

Why Shadow Boards

- ✓ Vikan shadow boards are an effective way to ensure hygienic, audit-compliant storage of your cleaning tools in accordance with 5S and HACCP principles.
- ✓ Available in 12 colours for hygienic segregation, these boards keep your tools organised and in good condition - saving you time and money every day.
- ✓ Shadow Boards make it easier to stay on top of inventories, and demonstrate good tool management to auditors.

Board design

- Made from high-quality, REACH compliant materials.
- Durable stainless steel hooks.
- Easy to clean and maintain.
- QR code for easy re-ordering and access to product documentation.

Bespoke boards

- Fully customised shadow boards.
- Flexible mounting options:
 - Wall-mounted
 - Magnetic wall mounted
 - Mobile boards (single or double sided).
