FOR IMMEDIATE RELEASE

Amare Group Unveils Next-Generation Marine Hardware at METSTRADE 2026: World Premiere of “Classyc” Portholes, “Lumyn” Hatches, and the “Doory” Patio Door System

The Italian luxury marine engineering specialist brings bespoke glass-and-steel kinematics systems, advanced modular patio doors, and state-of-the-art glazing innovations to Amsterdam.

AMSTERDAM — November 17, 2026 — Amare Group, a premier Italian engineering pioneer renowned for bespoke glass-and-steel marine architecture, today announced the world premiere of its latest flagship innovations at **METSTRADE 2026.**

At this year’s show, Amare Group is debuting three groundbreaking series engineered to elevate aesthetic integration, structural resilience, and vessel performance: the **CLASSYC Porthole Range** for superyachts, the revolutionary **DOORY Patio**, and the refined **LUMYN Hatch Series manual or electric** designed for motorboats and sailing yachts.

Visitors, shipbuilders, naval architects, and media representatives are warmly invited to experience these innovations firsthand across two designated locations:

- **Superyacht Pavilion: Stand 07.122** — Featuring the exclusive premiere of the Classyc Portholes line for the Superyacht Division.
- **Main Pavilion: Stand 03.445** — Showcasing the world debut of the DOORY Patio Door and LUMYN Hatches, alongside flagship innovations including VISION – INFINITY & ECLYPSE Portholes, VANITY & ARYA Gangways, and ASW & FYLO Automation Systems.

SPECIAL EVENT INVITATION

Worldwide Showcase Premiere: DOORY | Patio Door

Location: Main Pavilion | Stand 03.445

Date & Time: Tuesday, November 17th at 12 pm

Hosted by: Jim Boulton & B. Michele Preziuso

Clients, industry partners, and press representatives are cordially invited to join us for the official unveiling ceremony and champagne toast.

Redefining Superyacht Elegance: The Classyc Porthole Range

Meticulously engineered for the uncompromising standards of the superyacht sector, the **Classyc** series seamlessly marries timeless Italian design sensibilities with cutting-edge engineering precision.

Key Features:

- **Certified Structural Performance:** Crafted from high-tensile marine alloys and toughened optical glass, fully compliant with major international classification societies (RINA, Lloyd's Register, ABS).
- **Bespoke Craftsmanship:** Available in custom geometric forms, bespoke mirror-polished or matte finishes, and advanced tinting options tailored to unique superyacht builds.

DOORY | The Modular Patio Door System

Engineered as a high-impact architectural masterpiece for the stern transom, the DOORY Patio Door merges with expansive glass paneling to redefine waterfront access and openable modular panoramic views.

Key Features:

- **Seamless Indoor-Outdoor Transition:** State-of-the-art sliding mechanism offering smooth, whisper-quiet operation.
- **Marine-Grade Durability:** Built to withstand severe sea conditions while providing exceptional thermal efficiency.
- **Custom Automation:** Fully integrable with smart vessel automation systems.

LUMYN | The Next-Generation Hatch Series

Designed for motorboats and sailing yachts seeking sophisticated light management and aerodynamic performance, the Lumyn Hatch Series offers unrivaled functionality and clean aesthetic lines.

Key Features:

- **Low-Profile Design.**
- **Weather/Water Proof Sealing.**
- **Natural Illumination thanks to its design.**

ABOUT AMARE GROUP

Amare Group is an Italian leader in luxury marine engineering, specialized in the design and manufacture of bespoke glass-and-steel solutions for superyachts, motorboats, and sailing vessels. Renowned for combining Italian design heritage, Amare Group creates custom hardware, automated transom doors, gangways, and porthole systems that seamlessly harmonize elegance, safety, and functionality. As part of MHI Group, Amare Group continues to push the boundaries of nautical craftsmanship and technological innovation worldwide.
