NEW!

Linear and elegant, the new BREEX toilet represents the merging of comfort, contemporary design and next generation marine sanitation system. The essential and clean shape perfectly fits the space, signifying an intersection where simplicity meets versatility and comfortability. Available in multiple original colors and finishing to match high-end interiors, BREEX is equipped with the innovative soft closing seat and cover with a frontal quick release system, an exclusive feature that ensures maximum hygiene.

Designed to meet the requirements of international sanitary style and hygienic habitudes, the E-BREEX combines the same proved reliability of Tecma BREEX, with the innovative technology of the electronic multifunction bidet which meets the needs of the most demanding customers. The multifunction electronic bidet is activated by an elegant wireless remote control. This is a pure combination of hygiene and technology in a heavy duty and fully certified marine solution.

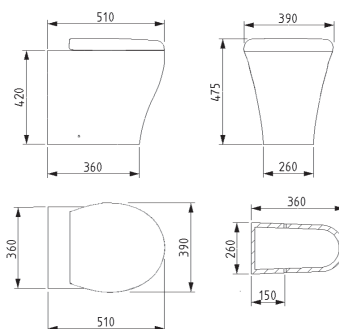

Features:

- Supreme Italian ceramic quality
- Proven powerful macerator performance
- Wide range of control panels
- Easy installation
- Soft closing seat and cover with quick release system / Multifunction electronic bidet with soft close
