- ◆ Top quality hydraulic components
- ◆ Painted or mirror-polished
- ◆ Tender cranes and rescue SOLAS cranes
- ◆ Single or synchronized dual-cranes
- ◆ Fully serviceable and efficient
- ◆ Marine-grade stainless steel, steel or aluminium construction
- ◆ Easily available and replaceable high quality components

Ocean Group is a leading provider of crane solutions, offering a diverse range of products tailored to various marine applications. Our expertise extends from compact 150 kg SWL tender cranes to powerful 2 x 8-ton synchronized tender cranes.

All of our cranes can be custom-built to meet stringent industry standards, including class and SOLAS certification. We specialize in designing cranes for a wide range of marine vessels, from small production yachts to large commercial ships.

Our semi-custom cranes, ideal for yachts up to 30 meters, offer exceptional performance and reliability. For larger vessels, we provide fully customized solutions with a reach of up to 10 meters and a lifting capacity of 12 tons.
