

OCEAN GROUP

Boarding Ladders Passerelle

Boarding ladders

Ocean Group can custom design and manufacture hydraulic boarding ladders to any classification. Our highly competent hydraulics and mechanical engineers work closely with the design team to make sure that hydraulic boarding ladder is deployed and retrieved smoothly and safely. We have manufactured hydraulic boarding ladders for yachts ranging from 30 to over 140 meters. Our yachts feature custom control systems, fully automated design, mirror polished finish, and more. We also integrate top-class, perfectly dimmed LED lighting into our boarding ladders.

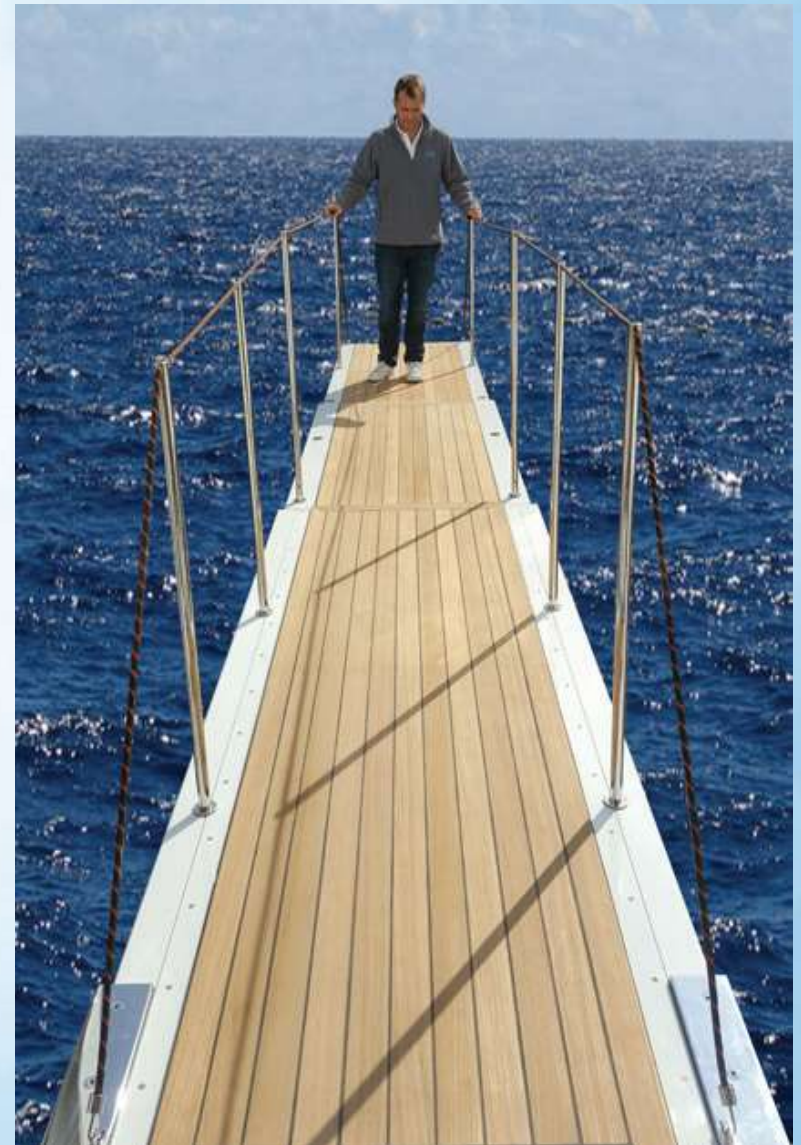

Passerelles

Ocean Group designs and builds passerelles for any size yacht from small to mega. We feature compact designs, mega yacht quality finish (painting and mirror-polishing). All our passerelles are precision built, and each product is fully tested for usage and load. Available with inhouse made state of the art marine LED lighting built in, as well as the highest quality stainless removable or foldable railing.

- Compact designs
- Mirror polished stainless
- Built for the marine environment
- Precision built
- Fully tested for usage and load
