MORFRAC

morbblock.^[WOOD]

[for the classic ones]

All the benefits of morbblock enveloped in
a CNC machined ash wood housing.
Eight standard sizes, limitless customization possibilities.
A pearl of technology in a old-fashioned shell.

Low maintenance, long life

ALL COMPONENTS ARE EASY TO REPLACE. FRESH WATER IS
EVERYTHING YOU NEED TO KEEP THE MORBBLOCKS IN GOOD SHAPE

Extra-safety onboard

IF THE BREAKING LOAD IS ACCIDENTALLY EXCEEDED,
MORBBLOCK WILL STAY CONNECTED THROUGH ITS DYNEEMA® LOOP

High-efficiency bearings

THE HIGHER THE LOAD, THE BETTER THE PERFORMANCE
THANKS TO OUR PATENTED ADAPTIVE GEOMETRY BEARINGS TECHNOLOGY

Soft grip

FINELY MACHINED DIMPLES CREATE A PERFECT
ADHERENCE ON THE SHEAVE WITHOUT DAMAGING THE ROPES

[features]

Natural or varnished to match the aesthetics of any yacht

Light and strong, exceptional weight/SWL ratio

Aluminium, Titanium, HR Stainless Steel sheaves

[the morbblock.wood family]
