

 **TOUGH**

The new world of **digital trainings**

Work safety on a new level

Overview of our serious gaming solution

A company of

 **HOCHTIEF**
PPP SOLUTIONS

Higher safety with a lasting impact

Our digital training solution

-  Efficient and employee-focused training solution
-  Engaging, sustainable learning experience
-  Safety simulation of real world situations

Save time, reduce training costs and lower accident rates – with our digital solution that pays off from day one.

What is TOUGH – and why it matters!

From the traditional way of training

To training on the next level

- Traditional training methods are very time-consuming
- The level of realism is highly limited
- Employee attention and motivation are proven to be low

- **Efficient digital training** – anytime and everywhere – cost effective, consistent and practice oriented
- **Simulation of real-world-scenarios** – interactive, self-directed, repeatable and risk free
- **Gamified learning with direct feedback** – active decision-making with increasing learning impact

TOUGH offers immersive training across a wide range of safety areas.

TOUGH OCCUPATIONAL SAFETY

Occupational safety for employees in offices and on construction sites

TOUGH ROAD SAFETY

Training for employees working in road construction and traffic management

TOUGH RAILWAY SAFETY

Key safety topics for work on or near railway tracks in accordance with EBO regulations.

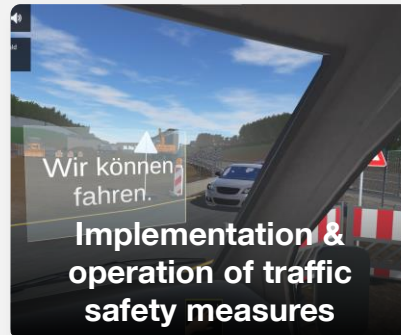

Practice-oriented

interactive

audit-proof

OUR EXISTING **TRAINING** PROGRAMS IN GERMANY.

Our international projects are located in Greece, Scotland and Austria.

We are happy to speak about new project ideas.

WORK SAFETY WITH TOUGH TRAINING IN OTHER COUNTRIES.

Greece – Olympia
Odus

For our client Olympia Odos, we created a 3D model of their highway section to simulate safety training scenarios. In this first-person experience, the focus is on securing an accident site on a heavily trafficked road. Employees can make mistakes and directly experience the impact on their own safety and health.

modules: 3

duration: 30 Minutes

environment: highway

TOUGH strengthens organizations – become part of our team and benefit from our solutions.
