

FOR IMMEDIATE RELEASE

## Hurley Marine Launches Game-Changing AquaJet Davit at METSTRADE 2024

*Revolutionizing Seabob® Storage with a Durable, User-Friendly Solution for Yachts and Docks*

**Escanaba, Michigan - [November 11, 2024]** – Hurley Marine, a U.S. based manufacturer of quality davits and accessories, is excited to announce the debut of its latest innovation, the **AquaJet Davit**, at **METSTRADE 2024**. Designed exclusively for safe and effortless retrieval, launch, and storage of the F5 Seabob® water scooter, this cutting-edge davit will be on display in the USA Pavilion, Stand Number 05.319, from **November 19 - 21, 2024**.

The **AquaJet Davit** stands out as the only solution of its kind, perfect for use on yachts and docks. Its user-friendly design ensures that anyone can operate it with ease, providing peace of mind by securely storing and protecting your Seabob®. Crafted with high-quality materials and made in the U.S.A., the AquaJet Davit is built to endure the most challenging marine environments.

Key features include:

- A **form-fitting linear bunk system** made of King Starboard®, a durable plastic designed to withstand exposure to sun and saltwater without fading, warping, or cracking.
- A **stainless steel mounting system** with a quick-release mechanism allows for easy removal of the davit when not in use
- Included **straps for secure fastening**, ensuring that your water toy stays safe and stable during storage.

This maintenance-free and reliable solution offers the strength and durability you need, capable of withstanding the elements while keeping your Seabob® secure. With the AquaJet Davit, owners can enjoy hassle-free storage and easy access to their water scooter, making it the perfect companion for every adventure.

*“We believe the AquaJet Davit will revolutionize the way Seabob® owners store and transport their gear,” said Todd Hurley, President, Hurley Marine. “We look forward to showcasing it to the global marine community at METSTRADE and building partnerships that bring this game-changing product to the global market.”*

International inquiries can reach out to **Global Marine Associates (GMA)**, our dedicated sales representatives for the EU, to learn more about how to bring the AquaJet Davit to new markets.
