
Morphéis
NEVER WORRY AT ANCHOR AGAIN

Morphéis

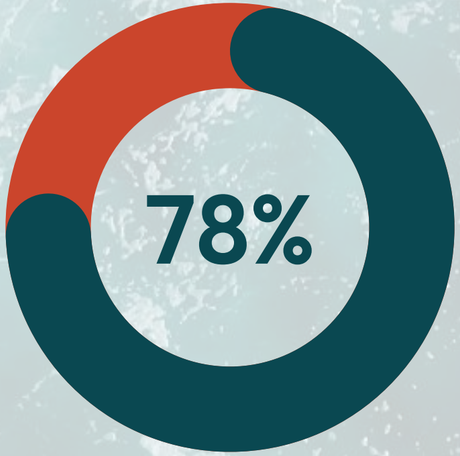

NEVER WORRY AT ANCHOR AGAIN

Morphéis is a **smart anchor buoy** designed to **reduce stress at anchor**, whether you're **on board or ashore**.

- **Real-time anchor position** monitoring
- Instant **mobile** alerts
- 100% autonomous system powered by **solar energy**

Market issues

of boaters surveyed are **worried about their anchor holding.**

342

Rescue operations **caused by anchor dragging** per year in France

1050

hours of **rescue work**

*Survey of 2,978 boaters conducted between 2022 and 2024

**2022 SNSM National Report

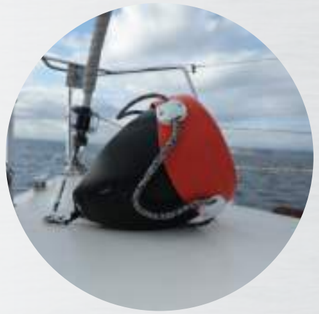

Why choose Morphéis ?

Rather than estimating the anchor's position from the boat, **Morphéis measures what is happening directly above the anchoring point**.

Fully autonomous and capable of sending **alerts to a phone remotely**, Morphéis ensures a **worry-free anchoring experience 24/7**.

	Morphéis	Smartphone Apps	GPS Trackers	Orin Buoys

recommandation

“The only reliable solution is to monitor the anchor directly: this product is excellent.”

★★★★★

Mr.Humblot, Hanse 458

“A revolutionary system! It’s a huge advantage at night, when we go ashore and the boat is at anchor.”

★★★★★

Mrs. Dugast, Excess 13
