

THE ULTIMATE ANTI-SCALE

Beat it.

ScaleArmor™ POP

THE VERSATILE SOLUTION

- **EXCLUSIVE ANTI-SCALE SYSTEM**
- **FITS EVEN IN SMALL SPACES**
- **SPECIFIC PROTECTION FOR THE ENTIRE HOME**
- **CONTINUOUS EFFECTIVENESS FOR UP TO 12 MONTHS**

WORKING CONDITIONS:

- Max working pressure: 8 bar (113 psi)
- Max working temperature: 45°C (113°F)
- Min working temperature: 4°C (39.2°F)
- Max total hardness: 50°F (500 ppm CaCO₃)

ScaleArmor™ ROCK

THE CERTIFIED SYSTEM IAPMO Z601

ScaleArmor™ ROCK is the
certified IAPMO Z601 system
that prevents limescale build-up with
86% effectiveness
compared to
untreated water.

REFILL AVAILABLE

Only use the original refill ScaleArmor™ to
maintain the certified effectiveness.

1 REFILL = 1 FULL CARTRIDGE

• CONTINUOUS EFFECTIVENESS FOR UP TO 24 MONTHS

WORKING CONDITIONS:

- Max working pressure: 8,3 bar (120 psi)
- Max working temperature: 45°C (113°F)
- Min working temperature: 4°C (39.2°F)
- Max total hardness: 50°F (500 ppm CaCO₃)

ScaleArmor™

ROCK

THE ULTIMATE ANTI-SCALE

ScaleArmor™ media system is certified by IAPMO
R&T against IAPMO Z601 for scale reduction for
1 lb/gpm media to flow rate ratio. ScaleArmor™
media is certified by IAPMO R&T against IAPMO
Z601 for material safety requirement.

ScaleArmor™ BLUES

THE TWO-IN-ONE CONFIGURATION

**THE ONLY SOLUTION THAT COMBINES
ANTI-SCALE AND
ANTI-CORROSIVE FUNCTIONS
WITH THE REDUCTION OF
SEDIMENT
IN THE WATER**

- **CONTINUOUS EFFECTIVENESS
FOR UP TO 6 MONTHS**

MODELS

ScaleArmor™
Blues
THE ULTIMATE ANTI-SCALE

WORKING CONDITIONS:

- Max working pressure: 8 bar (113 psi) for models BLUES 10-20 - 8.3 bar (120 psi) for models BLUES BIG 10-20
- Max working temperature: 45°C (113°F) • Min working temperature: 4°C (39.2°F)
- Max total hardness: 50°F (500 ppm CaCO₃)

The certified technology to fight limescale:

ScaleArmor™

- **The ultimate solution to limescale: here's what it is ScaleArmor™.**
Simple, but with its continuous action ScaleArmor™ changes your home and your habits.
- *The unique material contained in the ScaleArmor™ systems improves the quality of water in the home. ScaleArmor™ prevents the formation of limescale, while protecting the pipes from build-up and corrosion.*
- *Limescale is the visible enemy of every surface that comes into contact with water. Streaks, stains, deposits, malfunctions: limescale leaves its mark. The special material in ScaleArmor™ systems works to eliminate all effects of limescale, for more efficient systems, a cleaner home and perfect appliances.*

Why choose ScaleArmor™

- **The installation of ScaleArmor™ for domestic water treatment brings unparalleled benefits:**
- - *A cleaner home with less effort: surfaces stay cleaner for longer and streaks are removed in a single wipe.*
 - *Softer clothes, shiny dishes, glowing skin.*
 - *Pipes free of fouling.*
 - *Increased efficiency: systems and appliances work optimally by improving their performance.*
 - *Fewer failures and sudden breakdowns caused by limescale.*
 - *Reduced consumption: less energy. Your wallet thanks you and the planet celebrates.*
 - *The maintenance of ScaleArmor™ systems can be kept under control thanks to the MyAtlas app: register the barcode of your product to receive a few accurate notifications about the status of your system.*

How does ScaleArmor™ work

- **The solutions in the ScaleArmor™ line are perfect for domestic use, use them to treat water throughout your home.**
- *This special material in ScaleArmor™ stops the growth of calcium and magnesium carbonate crystals, helping to keep pipes and surfaces cleaner and reducing corrosion.*
- *This material is so effective and long-lasting thanks to the special production process that makes it dissolve slowly, for a safe and constant effect over time: **up to two years of anti-scale action, never to be thought of again.***

THE ULTIMATE ANTI-SCALE

Beat it.
