Innovation and profitability in professional cleaning

## Why induquim ?

### 30 years of innovation and experience

Founded by Ana Chicharro and Jerónimo Arija, Induquim began its journey in 1994, combining the experience of professionals in the sector with innovation and the highest technology to develop professional cleaning processes.

### R&D with our customers

Since then, Induquim's R&D department, together with our customers and with the aim of continuous improvement, has been developing formulas, systems, products, programmes and services to improve all results and profitability in professional cleaning, offering the most innovative, efficient and effective solutions, excellent results at the lowest cost.

### Custom training

We share our knowledge and experience by training managers and professionals on new products, systems, products and new cleaning techniques.

### Spanish technology for the world

With a presence in more than 20 countries, Induquim exports its talent, quality and Spanish technology throughout the world, both in products and in systems and patents for Professional Cleaning.

### Quality and the environment

Our moral and corporate commitment to sustainability is based on providing the highest quality and care for the environment, as well as strict compliance with European Union standards.

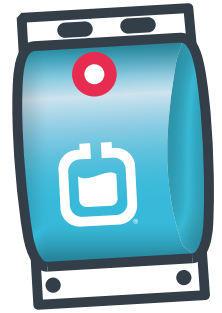

## Why is induquim your best choice?

**Because we represent passion, research, technology and sustainability in professional cleaning processes, with a vocation to serve each of our customers.**

Indupock is an innovative, cutting-edge concept for housekeeping cleaning and automatic washing of crockery, cutlery and professional kitchen equipment, which achieves excellent results with accurate dosing. The system is designed to deliver the maximum benefits with the advantage of reducing tasks and space, and producing minimal waste.

## Housekeeping

Rooms, bathrooms and public areas

-  **Ecofresh**  
Ecological floor cleaner
-  **FG+**  
Concentrated floor cleaner
-  **Ecoversal**  
Ecological multipurpose cleaner
-  **AG+**  
Concentrated ammonia cleaner
-  **MG+**  
Concentrated multipurpose cleaner
-  **HG+**  
Fragranced general cleaner
-  **LG+**  
Concentrated glass cleaner
-  **Biofresh Bac**  
General disinfectant cleaner
-  **BG+**  
Concentrated bathroom cleaner
-  **RG+**  
Concentrated deodorising air freshener
-  **DG+**  
Concentrated degreaser

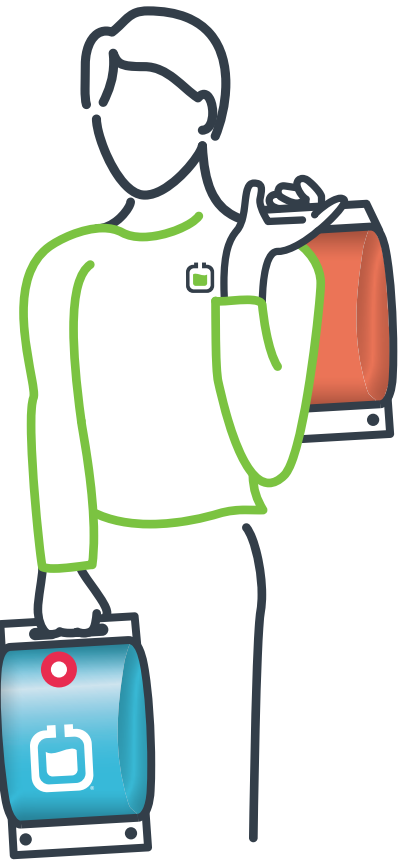

## Kitchens

Cleaning and disinfection

-  **Typhoon**  
Powerful degreaser
-  **Reef**  
Surface degreaser for porous surfaces in food areas
-  **Ecosol**  
Ecological manual washing-up liquid
-  **Selman Pock**  
Manual washing-up liquid
-  **Ecomat AB**  
Soft water dishwasher detergent
-  **Ecomat AD**  
Hard water dishwasher detergent
-  **Eco Brill**  
Dishwasher rinse aid
-  **Amidés**  
Foaming disinfectant detergent based on tertiary amines
-  **H-331**  
Surface disinfectant detergent

**Maximum profitability**  
with maximum quality and minimum waste
