

T6 SOS Pedestal

The Betally T6 SOS-pedestal is a perfect supplement to an existing Betally installation, or it can be used stand-alone for situations, where only an SOS-point is required.

As standard, the T6 SOS is prepared for both fire extinguisher and life buoy, and as an option a LED T6 style lamp can be fitted at the top.

Please ask your Betally distributor or contact Betally for more information.

TECHNICAL SPECIFICATIONS

Dimensions

(WxBxH) 50×26×145 cm.

Weight:

15-18 kg.

Colour:

SOS red, RAL3002.

Prepared for 6 kg. fire extinguisher

max. size Ø147 x L500 mm.

Prepared for life buoy

Ø710/440 mm, thickness: 105 mm. IMO & 96/98/CE approved.

Lighting:

Can be delivered with a low-energy LED lamp at the top.

Mounting:

Standard mounting-flange for concrete.

The T6 SOS can hold a fire extinguisher internally, but is delivered without the fire extinguisher, as testing and control routines should be attended by a local supplier. The life buoy is not included, but can be supplied upon your request.
