

Cruzo (2x7)

Where Elegance Meets Superior Functionality

This groundbreaking glass control panel, powered by advanced piezo touch technology, redefines the helm of any yacht, introducing a modern look and feel while providing outstanding functionality, durability, and style, combined with a range of stylish options, including a sleek glass front and customizable backlighting in different colors, Cruzo sets a new standard in marine control systems.

Key Characteristics

- **Nautical Elegance:** blending striking piezo touch technology with an elegant glass front to create a control panel that is both visually striking and highly efficient.
- **Tempered Glass Durability:** Providing exceptional durability, resistance against scratches, impact, and UV radiation.
- **Enhanced Touch Activation:** Effortlessly operate the panel with your bare hands or while wearing gloves, ensuring smooth and hassle-free control in any situation.
- **Versatile Switching Functions:** With momentary, toggle, timer and continuous switching functions, delivering versatility and adaptability.
- **Adjustable Illumination and Colors:** Adjustable illumination intensity and color selection, allowing users to optimize visibility and readability under different lighting conditions.
- **Robust IP68 Protection:** Engineered to withstand the harsh marine environment, ensuring complete protection of the panel and buzzer against dust and powerful jets of water.
- **Easy Installation (Retrofit):** Offering easy retrofit installation, ensuring seamless compatibility with your existing marine control setup. Upgrade with ease and no disruptions.
- **Self-Diagnostic Peace of Mind:** Featuring self-diagnostic capabilities, conducting automatic checks during startup and continuous monitoring of critical functions.
- **Optional IoT Capabilities:** Leveraging Bluetooth technology, offering optional IoT capabilities, enabling seamless integration with other onboard systems and devices.

Electrical Data

Input Voltage	12V DC (10~14V DC)
Operating Input Current	1.5A max
Relay Voltage	14V DC Max
Switch Current	10A max
Illuminated Surface	RGB
Buzzer notification	85dB

Connector No. 1

Pin No.	Output Type	Graphics	Function
1	Main power in 12V DC		
2	Main power in negative		
3	Relay COM.	Running and anchor	12V DC in
4	Relay N.O.	Running	12V DC out
5			
6	Relay N.O.	Anchor	12V DC out
7	Relay COM.	Courtesy	12V DC in
8	Relay N.O.		12V DC out
9	Relay COM.	Accent	12V DC in
10	Relay N.O.		12V DC out
11			
12			

Connector No. 2

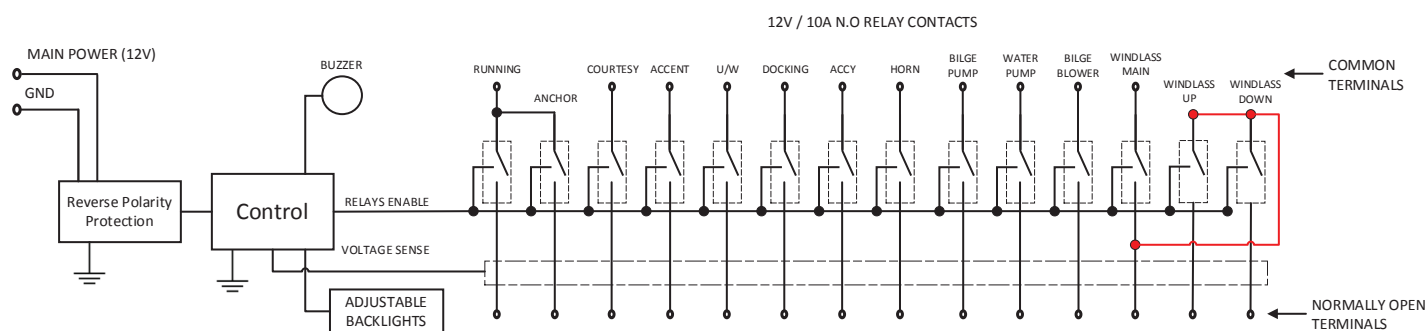

Pin No.	Output Type	Graphics	Function
1	Relay COM.	Horn	12V DC in
2	Relay N.O.		12V DC out
3	Relay COM.	Bilge pump	12V DC in
4	Relay N.O.		12V DC out
5	Relay COM.	Blower	12V DC in
6	Relay N.O.		12V DC out
7	Relay COM.	Water pump	12V DC in
8	Relay N.O.		12V DC out
9	Relay COM.	U/W lights	12V DC in
10	Relay N.O.		12V DC out
11	Relay COM.	Docking lights	12V DC in
12	Relay N.O.		12V DC out

Connector No. 3

Pin No.	Output Type	Graphics	Function
1	Relay COM.	Accessory	12V DC in
2	Relay N.O.		12V DC out
3			
4			
5			
6			
7	Relay COM.	Windlass	12V DC in
8	Relay N.O.	Out of windlass maint to feed W.up / W.down common	12V DC out
9	Relay N.O.	Windlass	12V DC in
10	Relay N.O.	Windlass down	12V DC out
11

Mechanical Data

Housing Material	Aluminum 6061 T651
Front	Tempered Glass
Connection	Sealed automotive connectors: DT04-12PA Grey Connector, Black Wires 18 AWG, 300mm DT04-12PB Black Connector, Black Wires 18 AWG, 300mm DT04-6P Connector, Black Wires 18 AWG, 300mm
Actuation Force	2-7 N
NMEA 2000 Connector	M12 5 PIN - CODE A
Housing Finish	Black/Natural Anodize

Environmental Data

Operating Temperature	-20°C to +75°C
Storage Temperature	-40°C to +85°C
IP Protection	Front panel - IP68
