ABOUT POLYGRIP INDUSTRIAL GRADE PLATES

GripFactory PolyGrip Industrial Grade Plates are made of glassfiber reinforced polyester with a fused alumina grit. By using these high-quality materials these PolyGrip Industrial Grade Plates are not only very strong and resilient, but also very light and easy to process. PolyGrip Industrial Grade Plates are available in three RAL colours (Black, Grey and Yellow) and two different grit sizes.

The PolyGrip Industrial Grade Plates are a durable solution for hazardous, smooth surfaces, are corrosion resistant and USDA accepted. You get 10 year warranty! Samples are available on request.

TECHNICAL DATA

Material	Glassfiber Reinforced Polyester (FRP / GRP)
Size (max.)	2440 x 1220 mm
Thickness (mm)	3 / 4
Grit	Fine & Medium
MOHS Hardness scale	9.4
Colours	Black, Yellow and Grey

Other sizes, thicknesses, grits and colors available on request.

PENDULUM TEST RESULTS

Reference		
Grit		Fine / Medium
Test value	Dry	>1.00
	Wet	0.95
	Oily	0.90

Potential for slip	Pendulum Test Value
High	<24 (0.24)
Moderate	25 - 35 (0.25 - 0.35)
Low	>36 (0.36)
