Italian Marine Industry Association

A Family History

“Originating from the visionary insight of its founder, in 1960, the D’Angelo family business traces its roots through #threegenerations.

As a pioneering force by embracing #eco-friendly synthetic leathers, revolutionizing diverse sectors including #yachting, #interiordesign, #contract and #automotive industries in Naples, heralding the inception of ‘poliplast dangelo srl.”

Upholding the spirit of #Italiangenius, the company continues to expertly curate the finest Italian #fabric and #eco-leather collections, embodying the enduring legacy of #Italiancraftsmanship.

POLIPLAST DANGELO

Our Indoor & Outdoor Collections

Vinyl Leather

The «skin»

"Marine Grade Vinyl and PVC Synthetic Leather, available in various colors and finishes, are durable and resistant to fire, mildew, and UV, ideal for Indoor or outdoor cushions and seats."

Fabrics

The «soft heart»

"Acrylic/cotton fabrics and other options like Super Microfiber and Jacquards offer durability and style for interior and exterior use, including cushions, beds, and hull linings."

Technical Fabrics

The protection

"UV-resistant, water-resistant, and mildew-proof fabrics, including solution-dyed polyester, acrylic, and coated options, are used for bimini tops, cockpit backs, and similar applications."
