## YACHT BEAM LED SERIES +

Illuminate the open water like never before with the Yacht Beam LED series, a high-performance lighting solutions designed for exceptional brightness and clarity on all types of vessels. With over high power LED candela output, these ultra-powerful spotlights deliver unmatched visibility and range, piercing through the darkest nights and most challenging weather conditions.

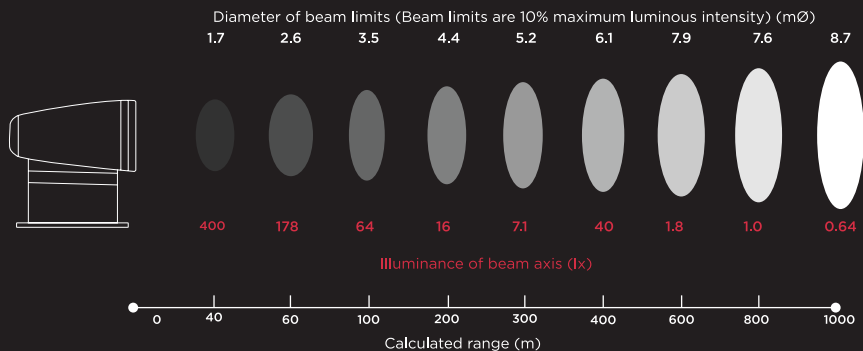

- 750,000 CANDLEPOWER
- RANGE OF 1000+ METERS AND A 75 METER BEAM DIAMETER.

## YACHT BEAM LED SERIES PERFORMANCE +

The Yacht Beam LED-PS series offers boaters a new level of safety with enhanced visibility of markers, obstacles, and threats without relying on screens that disrupt night vision and orientation. This high-performance lighting solution provides exceptional brightness and clarity, ensuring safer and more enjoyable boating in low-light conditions with precision control and innovative features.

- 1.6 MILLION CANDLEPOWER
- RANGE OF 180 METERS AND A 80 METER BEAM DIAMETER.

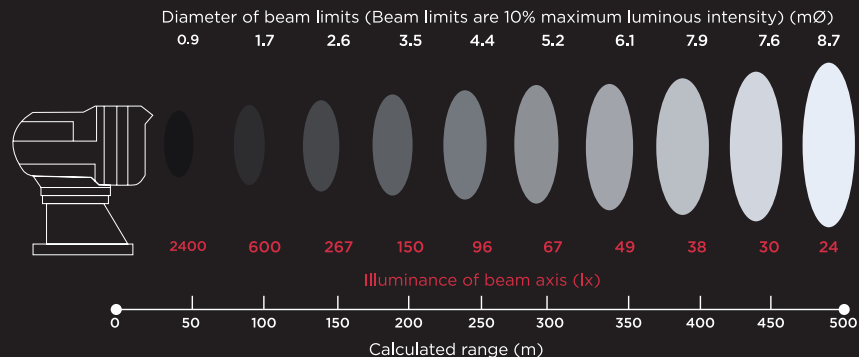

## OUR MODELS

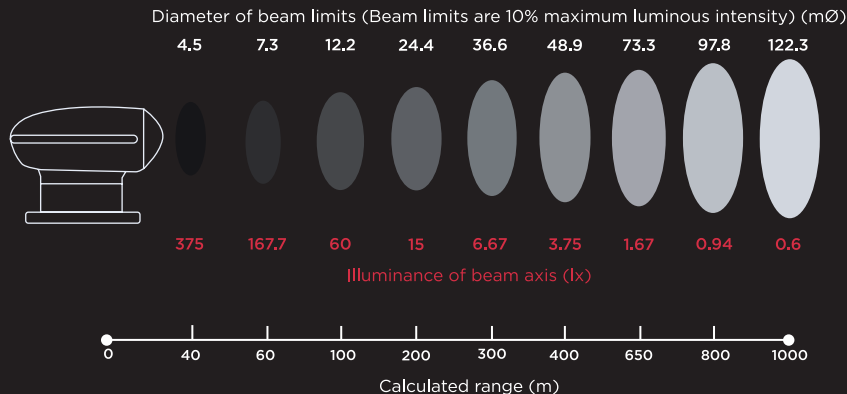

## YACHT BEAM 6MM

At 6 million candela, the top-of-the-line pierces the darkest night. Its high intensity 150-watt Xenon bulb and parabolic reflector provides brawny power for commercial vessels, yet its aesthetic design meets all the requirements of large pleasure yachts. Switch easily from flood to spot, and aim precisely with the self-contained remote joystick.

# YACHT BEAM 1MM

The Twin 35-watt Metal Halide HID lamps provide a narrow-beam searchlight ideal for large yachts, mega-yachts, sportfish, and commercial vessels. Easy to install or retrofit, enhancing night-time safety at sea. The Yacht Beam 1M offers a simple upgrade kit for converting your current light to this advanced system.
