

# Technical data sheet AgroArgentum® Forte

## AgroArgentum® Forte

### Product description

**AgroArgentum® Forte** is an EU fertilizer with optimized concentration of all active ingredients. It significantly increases growth and at the same time strengthens the plants' immune system. **AgroArgentum® Forte** meets the requirements for an EC fertilizer according to EU Directive 2003/2003 and EU Regulation 1009/2019 for fertilizers (class PFC 1(C)(I)(b)(ii)).

**AgroArgentum® Forte** can be used as a foliar fertilizer and soil fertilizer. **AgroArgentum® Forte** was developed for both field cultivation and glasshouses or greenhouses.

### Technical data

Description:	Compound liquid inorganic macronutrient fertiliser
Colour:	Brownish
Density:	1.14 g/ mL
pH-value:	7.0

### Composition

Total nitrogen	N	9%
Potassium	K	6%
Aqua Pura (vitalised)	H <sub>2</sub> O	
Additional contents:		
Silver (nano-)	Ag	1%

### Pack size

1 liter plastic bottle with safety cap  
5 liter canister with safety lock

### Application recommendation

**AgroArgentum® Forte** is used as a foliar and soil fertilizer. It can be used both in protected cultivation (greenhouse) and open field. The application is different for all cultures.  
Please ask us about our individual protocols.

## Storage

Store between 5°C (sensitive to frost) and 25°C. Best before 2 years after bottling date (see bottle for coding).

## Important remarks

The use of **AgroArgentum® Forte** in combination with **AgroCyprum®** significantly increases the effect. Use only when necessary. Do not exceed application rates.

## Disposal

Empty containers can be disposed of with household waste. Dispose of full or partially emptied containers as hazardous waste.

## Safety

**Signal word: CAUTION!**

**Eye Irrit. 2 H319 Causes serious eye irritation.**

P101 If medical advice is required, packaging or label have ready.

P102 Keep out of reach of children.

P103 Read all instructions carefully and follow them.

P280 Wear eye protection/face protection.

P264 Wash thoroughly after use.

P305+P351+P338 IF IN EYES: Rinse cautiously with water for several minutes wash. If possible, remove any contact lenses. Keep rinsing.

P337+P313 If eye irritation persists: Get medical advice/attention.

Please read the safety data sheet before use.

Undiluted, hazardous to water.

Keep out of the reach of children and animals.

ADR: Not classified as dangerous goods

The product contains: Reportable precursors for explosives. Provision, transfer, possession and use in accordance with Regulation (EU) 2019/1148, Article 9.
