

MOMENTUM

Ultimate portability

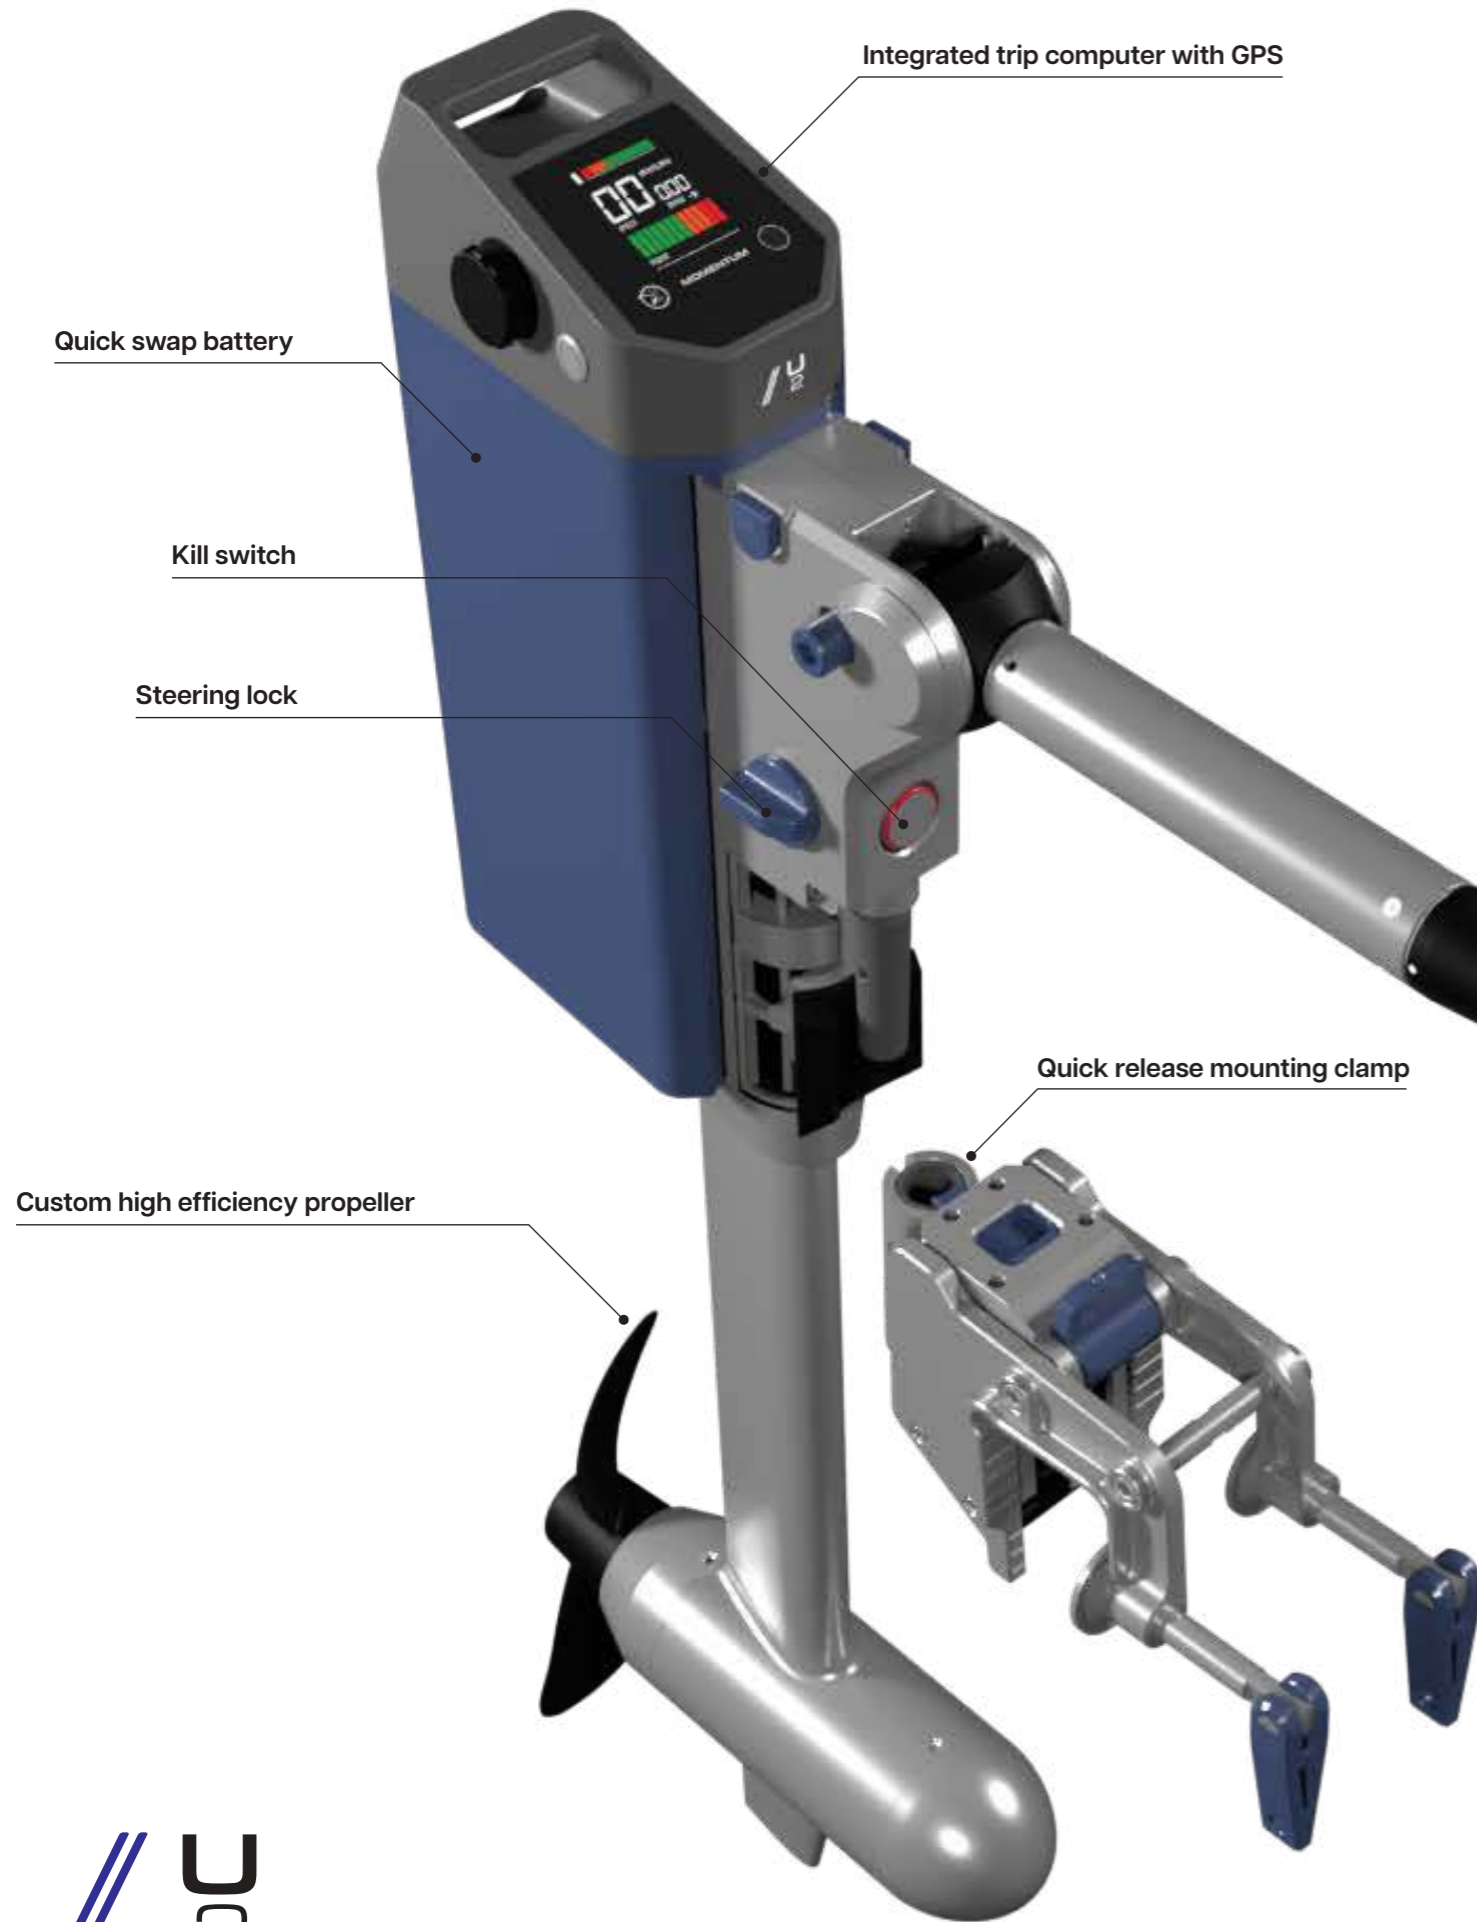

Cable-free design

3 HP equivalent - Eco Mode, 5 HP equivalent - Full power

Multi-function foldaway tiller

High-efficiency 2.5 kW drive unit

Detachable, waterproof, and removable high power battery with integrated trip computer

Quick swap battery

Kill switch

Steering lock

Integrated trip computer with GPS

Quick release mounting clamp

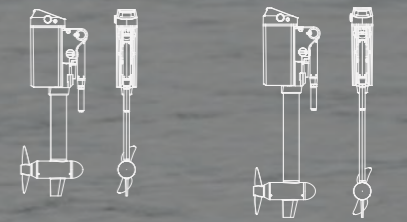

Custom high efficiency propeller

Multi-function foldaway tiller

Safety button

Compact. Portable. Powerful.

Our U-2 outboard is a full-featured 5 HP equivalent powerhouse with smart features for a wide range of applications. Quick-swap integrated battery and robust construction makes this the perfect electric outboard for tenders, sailboats and small workboats.

39 CM SHORT SHAFT

52 CM LONG SHAFT

*Single man on board, calm coastal water conditions

TECHNICAL U-2 ELECTRIC OUTBOARD MOTOR

MAX INPUT POWER	2.5 kW
SHAFT LENGTH	39 CM SHORT / 52 CM LONG
PROP. DIAMETER	25CM
NO. OF BLADES	2
COOLING SYSTEM	100% EXTERNAL PASSIVE SEAWATER
TRIP COMPUTER	INTEGRATED IN BATTERY WITH SPEED AND RANGE DISPLAY
WEIGHT	9 KG

TECHNICAL U-2 BATTERY

CAPACITY	1.4 kWh
VOLTAGE	48V
CELL TYPE	LITHIUM-ION
CYCLE LIFE	1,000 CYCLES to 80% CAPACITY
WEIGHT	8 KG
