# JAKE

## Multi-function boat hook

The purpose of this new generation boat hook is to reduce the number of different poles on board (such as deck brush, boat hook, line passer, etc...) and combine them into a single pole with interchangeable heads.

Each year, we will develop new heads to expand its versatility.

# 04 Functions

*Jake's heads are interchangeable on both sides*, and each year we will develop new ones, reducing the need for multiple separate poles on board.

**LINE-PASSING HEAD**

A useful tool for passing a line around a ring or a mooring buoy.

**QUICKGRIP LINEMASTER HEAD**

The accessory that simplifies lazy line retrieval.

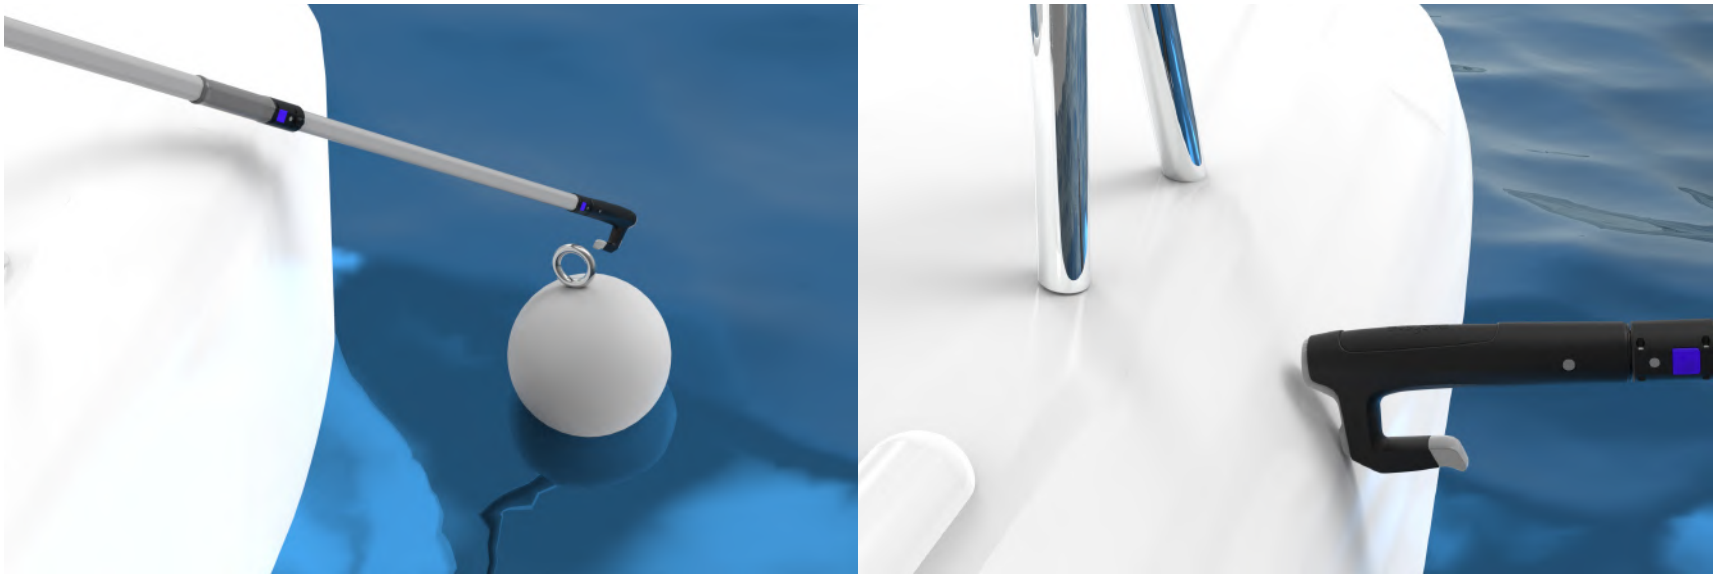

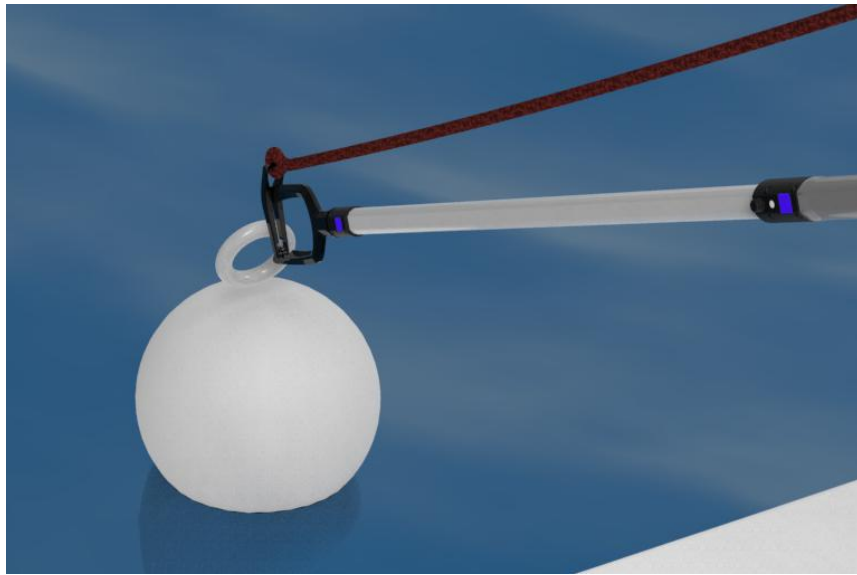

**DECK BRUSH**

Head ideal for quickly and effectively cleaning the deck without scratching surfaces.

**BOAT HOOK WITH RUBBER PUSH PAD HEAD**

Strong hook and shock-absorbing rubber pad for grabbing or pushing the boat without damaging the hull.
