MEDIAHUB

YOUR FAVORITE CONTENT, A TAP AWAY

MediaHub is a powerful, first-of-its-kind add-on that allows to **search and stream content** from multiple platforms—such as Netflix, Disney+, Amazon Prime Video, and HBO Max—through a single, intuitive solution.

Seamlessly integrated into any existing control application, MediaHub eliminates the need to switch between apps or navigate complex casting processes.

With just a few taps, you can effortlessly search for your favorite movies, series, or documentaries and play them directly on your tablet, yacht's displays, and sound systems.

OUR APPROACH

A UNIQUE GATEWAY

SMART ACCESS TO YOUR CONTENT

MediaHub is a powerful add-on that integrates seamlessly into any existing control application. It allows users to search and stream content from multiple content platforms through a single, intuitive solution.
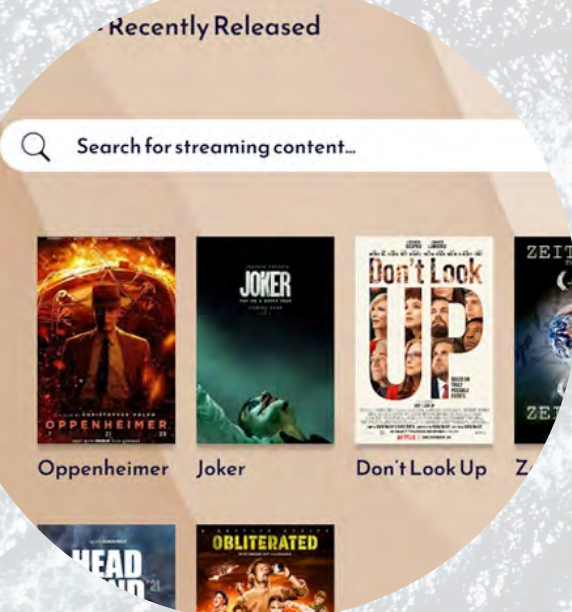

With MediaHub, there's no need to switch between apps or deal with complex casting procedures. In just a few taps, you can search for your favorite movies, series or documentaries and play them directly on your tablet, yacht's displays and sound systems.

MediaHub will make you discover the smartest way to search, select, and stream your content—streamlined, intuitive, and perfectly integrated with any yacht's digital ecosystem.

PART OF OUR DIGITAL INTEGRATION LINE

MediaHub is part of VBH's Digital Integration line, a concept that differentiates itself from traditional system integration by focusing on the «why» and «how it feels» for the end-user.

Unlike traditional approaches that center around technical functionality, Digital Integration is designed to benefit every client by ensuring that technology not only enhances the user experience but blends effortlessly into the yacht's ecosystem. In essence, MediaHub is set to become an essential part of your onboard entertainment—intuitive, powerful, and always enhancing your experience.

UNIFIED SEARCH

A single search across multiple platforms, eliminating the need for app-switching. Access content from Netflix, Disney+, Amazon Prime Video, and HBO Max through one unified app.

INSTANT PLAYBACK

Once the movie, show, or documentary, selected you can instantly play it on your tablet, yacht displays, and sound systems with just one tap—no additional apps or hardware needed.

UNIVERSAL COMPATIBILITY

This add-on is GUI-agnostic and includes all the features needed to deliver an intuitive user experience.

HIGH QUALITY VIEWING

Enjoy 4K HDR, Dolby Vision, and Dolby Atmos formats for a superior viewing experience.

EASY INSTALLATION

MediaHub integrates into any control app as a lightweight add-on (API), with seamless integration into both off-the-shelf and custom automation interfaces, ensuring minimal impact on your AV system.

HOLISTIC MANAGEMENT

MediaHub provides one global solution for accessing all your content platforms while effortlessly managing your yacht's AV technology.

LIFESTYLE ADAPTABILITY

Whether enjoying a quiet night in a private cinema, hosting a movie night on deck, or streaming on a tablet, MediaHub allows content to be viewed on any onboard device, perfectly adapting to owners' and guests' preferences.

SEAMLESS INTEGRATION

MediaHub integrates as a powerful widget within any existing control application. It works flawlessly with any digital infrastructure to access content and control AV devices onboard.

FUTURE-PROOF FLEXIBILITY

MediaHub offers full adaptability through non-proprietary technologies, allowing your technology to evolve and grow with your yacht's ecosystem. Its future-proof design ensures seamless integration with new devices and technologies as they are added to your yacht.
