

- A classic and simple appearance, suitable for use in both homes and offices
- Superior fully enclosed compression mechanism cooling, energy-saving and environmental protection
- Large screen LCD display, featuring cold and hot water, warm water, and bubble water functions, suitable for different user needs
- Multiple water sources provide direct connection to tap water or can be used with built-in bottom-mounted pumps
- With a child safety lock
- With filter purification and LED UV sterilization
- Intelligent control, automatic fault alarm, visual filter monitoring reminds users to replace in time

YL-600B

- Water dispenser (Hot+Cold)
- Rated Cooling Power: 200W
- Rated Heating Power: 800W
- Cold tank: 3.5L
- Hot tank: 2L
- Capacity For Cold Water: 5L/h
- Capacity For Hot Water: 8L/h
- Temperature For Cold: 5-10°C
- Temperature For Hot: 90-95°C
- Filtration system(Optional PP+CTOIRO)
- Product Size: 32x35x121cm
- Packing Measure: 42x45x130cm
- 40GP QTY: 280

YL-600BS

- Water dispenser (Hot+Cold+Soda)
- Rated Cooling Power: 200W
- Rated Heating Power: 800W
- Cold tank: 3.5L
- Hot tank: 2L
- Capacity For Cold Water: 5L/h
- Capacity For Hot Water: 8L/h
- Capacity For Soda Water: 5L/h
- Temperature For Cold: 5-10°C
- Temperature For Hot: 90-95°C
- Filtration system(Optional PP+CTOIRO)
- Product Size: 32x35x121cm
- Packing Measure: 42x45x130cm
- 40GP QTY: 280

UV LED PP+CTO /IRO Cold Water Hot Water Sparkling Water

- Simple and classic in appearance, compounded molding by anti - fingerprint stainless steel, durable and always look as good as new
- With hot water, cold water and room-temp water, 3 different temperatures of drinking water
- Food grade stainless steel hot and cold stretching tanks, healthy and safe
- Flange immersion water heater, tube Material SS800

YL-600D (Cold)

- Water dispenser (Cold)
- Rated Cooling Power: 110W
- Cold tank: 3.5L
- Capacity For Cold Water: 5L/h
- Temperature For Cold: 5-10°C
- Product Size: 30.5x31.5x100cm
- Packing Measure: 32x33x103cm
- 40GP QTY: 518

Cold Water

YLR-600D (Hot+Cold)

- Water dispenser (Hot+Cold)
- Rated Cooling Power: 110W
- Rated Heating Power: 800W
- Cold tank: 3.5L
- Hot tank: 2L
- Capacity For Cold Water: 5L/h
- Capacity For Hot Water: 8L/h
- Temperature For Cold: 5-10°C
- Temperature For Hot: 90-95°C
- Product Size: 30.5x31.5x100cm
- Packing Measure: 32x33x103cm
- 40GP QTY: 518

Cold Water Hot Water

WATER IS CHILLED THROUGH
SELF-CONTAINED COILS, SO WATER
SOURCE IS NEVER IN CONTACT WITH
FILLER'S HANDS OR ICE

- Compound molding frame, with superior quality stainless steel
- Double cooling-coil, direct chilling system for demand on large amount of chilled water, Supply water for 50-100 persons to drink
- All internal tubing and connectors use food-grade copper, stainless steel and silicone rubber
- Brand and frozen-free compressor forcing cooling system
- Purifying and cooling controlled automatically
- Shortcut connection and multi-stage filtration, DIY filter replacement
- Multi Faucet Water Cooler Widely used in catering, airport, commercial hall, government units, dining hall, park etc

YL-600F2

- 2taps commercial Free standing water cooler
- Rated Cooling Power: 450W
- Capacity For Cold Water: 100L/h
- Temperature For Cold: 3-10°C
- Filter System: PP+CTO composite
- Product Size: 56x40x130cm
- Packing Measure: 57x41.5x128cm
- 40GP QTY: 224

YL-600F3

- 3taps commercial Free standing water cooler
- Rated Cooling Power: 450W
- Capacity For Cold Water: 100L/h
- Temperature For Cold: 3-10°C
- Filter System: PP+CTO composite
- Product Size: 90x40x130cm
- Packing Measure: 91.5x41.5x128cm
- 40GP QTY: 138

YL-600F4

- 4taps commercial Free standing water cooler
- Rated Cooling Power: 450W
- Capacity For Cold Water: 100L/h
- Temperature For Cold: 3-10°C
- Filter System: PP+CTO composite
- Product Size: 110x40x130cm
- Packing Measure: 111.5x41.5x128cm
- 40GP QTY: 112

Desktop water dispenser

- The intelligent level of the design is higher system can realize automatic operation according to the needs of user
- Perfect for home and office
- Use liquid crystal display the temperature. Having a good man-machine interface, users can choose different patterns through keys

NT-01

- Compact, beautiful, energy saving, perfect for home and office
- Frame structure, easy to maintain and repair
- Activated carbon filtration and Inlet UV
- Direct connect to tap water, no bottle needed
- Color can be easily changed
- Compressor cooling, superior chilling
- LCD screen for hot & cold & warm and sparkling water
- Extra heating function
- Hot water faucet with safety lock
- Lighting lamp for bottom, conveniently use at night
- With built-in filter, with filter replacement alarm
- Removable water tray
- Separated hot&cold water power switches
- Rated cooling power: 100W
- Rated heating power: 800W
- Cold tank: 1.5L
- Hot tank: 1.5L
- Capacity for cold water: $\leq 10^{\circ}\text{C}$ 3.5L/H
- Capacity for hot water: $\geq 90^{\circ}\text{C}$ 8L/H
- Net/Gross Weight: 13/14Kgs
- Loading quantity: 468(20GP)/972(40GP)
- Required water pressure & water source: 0.07-0.5Mpa City water
- Product Size: 32x34x35cm
- Packing Measure: 45x35x40cm
- 40GP QTY: 872

NT-02

- Food grade materials, flange immersion water heater, tube Material SS304
- Exclusive and attractive appearance design
- Multiple water source, connect to the main water or reservoir/fulfilled
- Color option available, perfect for home and office use
- Hot water faucet with safety lock
- With built-in filters, DIY filter replacement
- Removable water tray
- Rated heating power: 800W
- Hot tank: 1.5L
- Capacity For hot water: $\geq 90^{\circ}\text{C}$ 8L/H
- Net/Gross Weight: 8/9Kgs
- Loading quantity: 660(20GP)/1320(40GP)
- Required water pressure & water source: 0.07-0.5Mpa City water
- Product Size: 442.5x163x395mm
- Packing Measure: 49x21x45cm
- 40GP QTY: 1320

NT-20TWC (Cold)

- Desktop or walled water dispenser
- Rated Cooling Power: 200W
- Cold tank: 3.2L
- Capacity For Cold Water: 20L/h
- Temperature For Cold: 8-12°C
- Filter System: without
- Product Size: 41x37.35x49.83cm
- Packing Measure: 45.5x39.5x57.5cm
- 40GP QTY: 600

NT-20TWHC (Hot+Cold)

- Desktop or walled water dispenser
- Rated Cooling Power: 200W
- Rated Heating Power: 800W
- Cold tank: 3.2L
- Hot tank: 1.5L
- Capacity For Cold Water: 20L/h
- Capacity For Hot Water: 8L/h
- Temperature For Cold: 8-12°C
- Temperature For Hot: 90-95°C
- Filter System: without
- Product Size: 41x37.35x49.83cm
- Packing Measure: 45.5x39.5x57.5cm
- 40GP QTY: 600

- Simple and classic in appearance, compounded molding by anti-fingerprint stainless steel, durable and always look as good as new
- With hot water, cold water and room-temp water, 3 different temperatures of drinking water
- Food grade stainless steel hot and cold stretching tanks, healthy and safe
- Flange immersion water heater, tube Material SS800
- Extra large water tray with drain system design
- Superior fully enclosed compression mechanism cooling, energy-saving and environmental protection

NT-50-2

- Desktop or walled commercial water cooler
- 2taps commercial
- Rated Cooling Power: 300W
- Capacity For Cold Water: 50L/h
- Temperature For Cold: 3-10°C
- Filter System: without
- Product Size: 32x63x46CM
- Packing Measure: 67x35.5x54.5cm
- 40GP QTY: 420

NT-100-2

- Desktop or walled commercial water cooler
- 2taps commercial
- Rated Cooling Power: 450W
- Capacity For Cold Water: 100L/h
- Temperature For Cold: 3-10°C
- Filter System: without
- Product Size: 40x63x60CM
- Packing Measure: 67x43x68.5cm
- 40GP QTY: 270

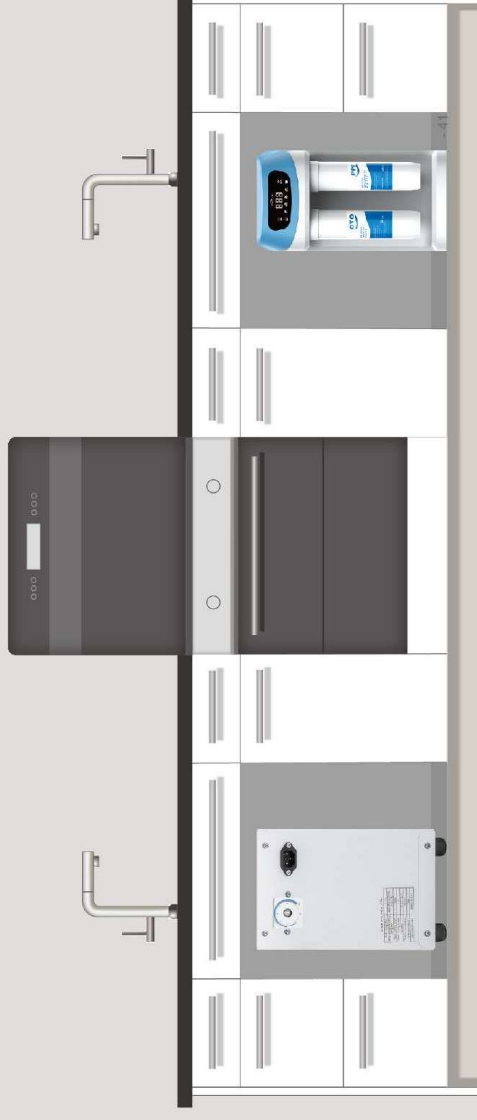

- Model is made of sturdy stainless steel, it offers highly satisfactory performance. Powerful, compact and made entirely of stainless steel
- Double cooling-coil, direct chilling system for demand on large amount of chilled water, Supply water for 50-100 persons to drink
- All internal tubing and connectors use food-grade copper, stainless steel and silicone rubber
- Brand and frozen-free compressor forcing cooling system
- Through self-contained coils, so water source is never in contact with filler's hands or ice
- Extra large water tray with drain system design

Undersink water chiller

Water purifier

- If you want to save your valuable bench space or prefer tidier looking, and want an unlimited supply of pure water, so these compact undersink cooling systems will be the perfect solution
- Our compact undersink coolers are connected with filtration systems, to ensure water chilled and delivered to the faucet
- Compact and easy to install, our Under-Sink Compact Cooling Systems utilises practical space in your home or office
- Intelligent control, LCD display, compact structure design

NOWTECH

- Great option where space is limited and, will easily fit under a break room kitchen sink. Available with a stylish chrome designer tap
- Variety of materials and colors to choose

NT-05

- Under sink water chiller
- Cooling Power: 140W
- Cold tank: 1.5L
- Capacity For Cold Water: 50L/h
- Temperature For Cold: 5-10°C
- Product Size: 37x18x29.5cm
- Packing Measure: 43.5x24x34.5cm
- 40GP QTY: 1560

NT-10

- Under sink water chiller
- Cooling Power: 140W
- Cold tank: 2.0L
- Capacity For Cold Water: 10h
- Temperature For Cold: 5-10°C
- Product Size: 37x18x35.5cm
- Packing Measure: 43.5x24x40.5cm
- 40GP QTY: 1300

NT-10E

Electronic Control

- Under sink water chiller
- Cooling Power: 140W
- Cold tank: 2.0L
- Capacity For Cold Water: 10L/h
- Temperature For Cold: 5-10°C
- Product Size: 40x26x40cm
- Packing Measure: 47x33x45cm
- 40GP QTY: 875

NT-20E

Electronic Control

- Under sink water chiller
- Cooling Power: 200W
- Cold tank: 3.2L
- Capacity For Cold Water: 20L/h
- Temperature For Cold: 5-10°C
- Product Size: 40x28x40cm
- Packing Measure: 47x33x45cm
- 40GP QTY: 875

- Undersink water chiller is perfect for locations tight on space
- This unit fits neatly under your sink and plugs into a regular electrical outlet
- When used in conjunction with a water filter and counter-top gooseneck dispenser, you can provide chilled, filtered water without taking up counter space normally reserved for a water cooler
- Intelligent control, LCD display, compact structure design

Under sink
water chiller

- Our versatile and reliable undersink chilling unit
- The chiller can be connected to our product range including fountains and filler

NT-20

- Under sink water chiller
- Cooling Power: 200W
- Cold tank: 3.5L
- Capacity For Cold Water: 20L/h
- Temperature For Cold: 8-12°C
- Product Size: 40x26x38.7cm
- Packing Measure: 47x33x45cm
- 40GP QTY: 876

NT-50

- Commercial water cooler
- Rated Cooling Power: 300W
- Capacity For Cold Water: 50L/h
- Temperature For Cold: 3-10°C
- Filler System: without
- Product Size: 48x32x46CM
- Packing Measure: 52x35x54.5cm
- 40GP QTY: 598

NT-100

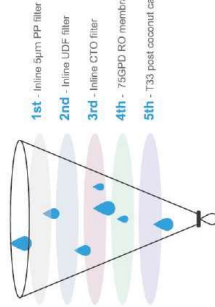

- Commercial water cooler
- Rated Cooling Power: 450W
- Capacity For Cold Water: 100L/h
- Temperature For Cold: 3-10°C
- Filler System: without
- Product Size: 48x40x60CM
- Packing Measure: 52x43x68.5cm
- 40GP QTY: 357

Commercial
water cooler

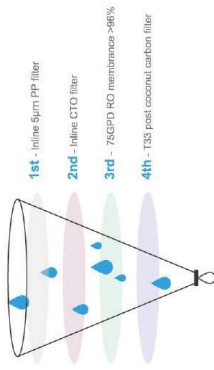

AR-75-G2

- 5-stage cabinet RO system
- 1st - Inline 5µm PP filter
- 2nd - Inline UDF filter
- 3rd - Inline CTO filter
- 4th - 75GPD RO membrane >96%
- 5th - T33 post coconut carbon filter
- Build-in 3.2G plastic tank/2.8G steel tank
- Guaranteed 75GPD pump * 24V/1.5A adaptor
- Shut-off valve
- Quick fittings: H/L pressure switch
- Accessories: 4M tube, feed water valve with connector, one hand faucet, manual etc
- Product Size: 42.5x24.5x40.5cm
- Packing Measure: 44x26x42cm
- 40GP QTY: 1400

AR-75-G3

- Innovative and fashionable design
- Intelligent LCD display to monitor the working status
- Pure water TDS display
- Filter cartridge life reminder
- Quick change filters for easy operation
- 4 stage filters: PP-CTO-RO membrane-PCO
- Integrated internal water flow connection, to reduce leaking points
- Guaranteed booster 75GPD pump
- Build-in 2.2G steel tank
- Accessory: 4m tube, faucet, feed water valve with connector, manual etc
- Product Size: 40x21.5x41 cm
- Packing measure: 46x26x45cm
- 40GP QTY: 1200

AR-TL3 RO system

- 3-stage big bracket filter system
- 20" BB PP 5mcr filter
- 20" BB CTO 5mcr filter
- 20" BB PP 1 mcr filter
- Double O ring Jumbo blue housing/1" plastic port
- Accessories:wrench
- Product Size: 58x19.1x76cm
- Packing Measure: 59x23x76.5cm
- 40GP QTY: 598

NT-10PC

- PP+CTO composite
- Features: Remove sediment, rust,suspended solids, colloidal particles, etc. Andabsorb Chlorine, odor in water
- CAUTION: This product should be installed by professionals or under professional guidance. Do not use water that is microbiologically unsafe or of unknown quality
- Without adequate disinfection. The actual life span depends on the actual water quality and water consumption. Place the filter in a cool and ventilated place to avoid direct sunlight or water vaporinvasion
- Nominal micron rating: 5um
- Material: Polypropylene, activated carbon
- Flow rate: 3-5L/Min
- Input waterpressure: 0.05-0.8MPa
- Input water: Municipaltap water
- Input water temperature: 5-38 °C
- Recommended life-span: 6-9months
- Product Size: 9.5x9.5x28CM
- Packing Measure: 9.8x9.8x29cm(1 pcs)
50.5x40.5x32.5cm(20pcs)
