MARINE

INTUITIVE. IN EVERY WAY.

marine.lxnav.com

EXTREMELY BRIGHT 4" TOUCHSCREEN GAUGE

MODERN LOOK FROM ANY ANGLE

Customize your boat cockpit with a unique chartplotter that features a bright 4" inch sunlight-readable display and a extensive range of functionalities. A premium round-shape instrument that combines luxury and retro elegance.

MAGIC AT YOUR FINGERTIP

Interactive and incredibly responsive, the capacitive touchscreen can receive accurate input from very light touches. You can easily customize data display by creating custom screens and screensets to display anything you need.

EXPERIENCE THE INTUITIVE INTERFACE

The user interface is designed to be intuitive and easy to navigate, in accordance with smartphones and tablets' logic. Using the menu button provides quick access to shortcuts, settings and access to all features.

SPACE SAVING DASHBOARD

The ALL-IN-ONE chartplotter displays a lot of information at a glance, including connected compatible N2K transducers, engine data, navigational charts, and audio system in a single multifunctional gauge.

MONITOR YOUR ENGINE DATA

RPMS, temperature, pressure, warnings, and other engine parameters are continuously monitored and displayed on the digital gauge. Either single or dual engine, fuel or electric installations fitted to the NMEA2000 backbone are supported.

REACH YOUR DESTINATION

Discover your next destination and have a safe navigation experience using either the pre-integrated OpenSeaMap charts.

PLAY YOUR FAVORITE SONGS

Control and listen your favorite songs using Music feature on the E360 chartplotter. Connecting to audio systems that are compatible, such as FUSION and VDO, will make your boat trips more enjoyable.
