# DEISS CARE: EFFICIENT TOOLS FOR HOSPITALS AND CARE FACILITIES.

# DEISS CARE

In an industry where trust, responsibility and the highest standards of hygiene are paramount, DEISS CARE offers a reliable range of products for the special requirements of everyday medical care. As the market leader for high-performance garbage bags and bin liners, we leverage our many years of expertise to meet these high standards.

With our deep understanding of the needs of hospitals and care facilities, we have developed a wide range of products that offer innovative and clever solutions for use in medical facilities. Our products stand for reliable performance and efficiency. In addition, we offer select items that meet the stringent environmental criteria of the Blue Angel ecolabel, thereby supporting, among other things, the responsible use of resources.

## BED COVERS

Our bed covers effectively protect mattresses from contamination and help maintain high standards of hygiene. They are tear-resistant, liquid-repellent, and designed for professional use in hospitals and care facilities.

ARTICLE NO.	ARTICLE DESCRIPTION	DIMENSIONS	COLOUR	PACK. UNIT	ADD. INFORMATION

03004	wall dispenser ZAC 137	roll width 100 cm	neutral	1 pc / box	for bed covers

\*The following articles are certified with the Blue Angel ecolabel: 49891, 49892

## BEDSIDE TABLE COVERS

Hygiene is a must in hospitals. This includes the professional storage of freshly cleaned and reprocessed bedside tables. The robust bedside table covers by DEISS CARE provide reliable protection against dust and dirt and are easy to use.

ARTICLE NO.	ARTICLE DESCRIPTION	DIMENSIONS	COLOUR	PACK. UNIT
59867	bedside table covers	600 + 500 x 1000 mm	transparent	200 pcs / roll

## DISPOSABLE APRONS

Disposable aprons by DEISS CARE are practical aids for hygienic working in clinics and care facilities. They provide reliable protection against contamination wherever hygiene and patient care are of paramount importance.

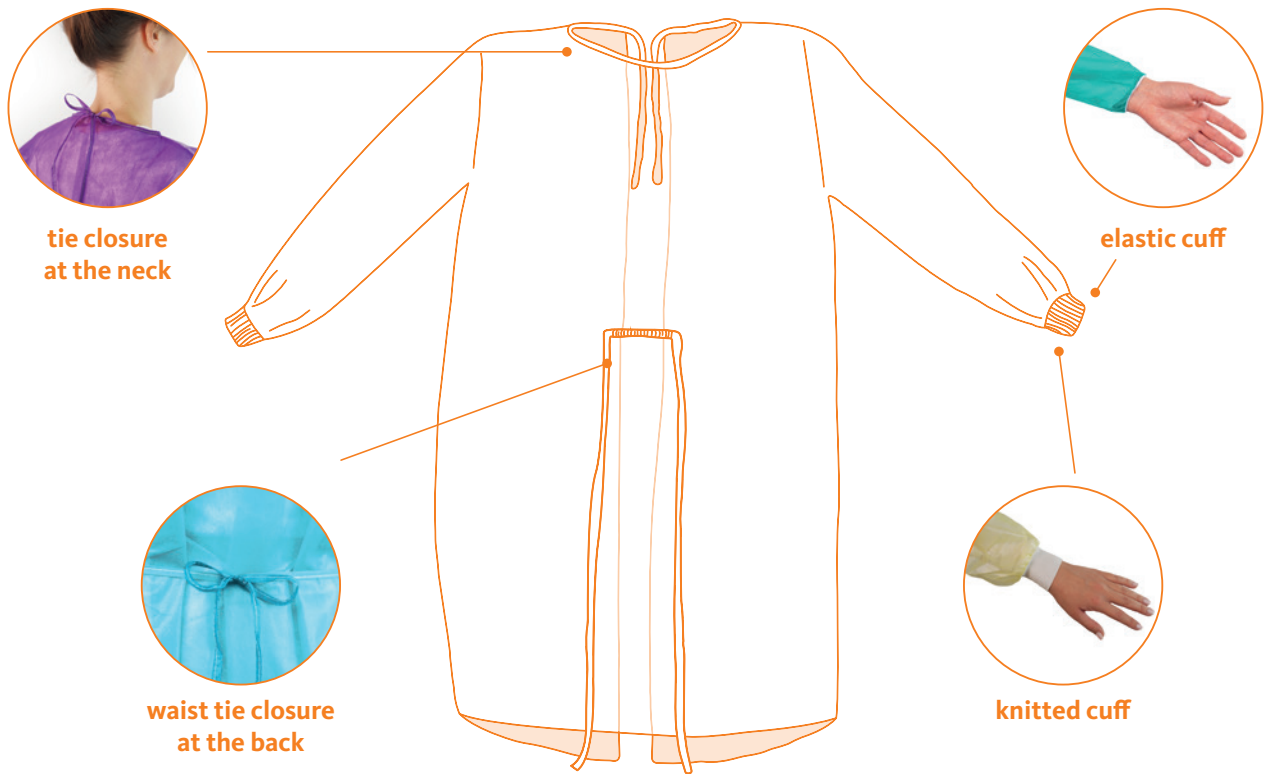

ARTICLE NO.	ARTICLE DESCRIPTION	DIMENSIONS	COLOUR	PACK. UNIT
06803	disposable aprons	750 x 1200 mm	white	100 pcs / bag

## MEDICAL VISITOR AND PROTECTIVE GOWNS

Whether in hospitals, care facilities, or laboratories – protecting staff and patients always comes first.

With DEISS CARE visitor and protective gowns, we provide reliable solutions for everyday medical use. Our long-standing expertise in developing premium-grade products ensures consistent quality, comfort, and functionality. The result: gowns that combine hygiene and safety with a commitment to responsibility – for dependable protection you can feel every day.

**DEISS MEANS:**  
RELIABLE PROTECTION  
FOR STAFF AND VISITORS.

## VISITOR GOWNS

### Protective Effect

Basic protection against contamination of clothing. **No self-protection.**

### Area of Application

Visitor areas, brief visits to patient rooms, minimal proximity to patients. **Not suitable for nursing activities.**

ARTICLE NO.	ARTICLE DESCRIPTION	MATERIAL	COATING	PROPERTY	DIMENSIONS
061601	visitor gowns	PP spunbond 16 g/m <sup>2</sup>	uncoated	breathable, latex-free, non-sterile	length 115 cm width 137 cm
COLOUR	PACK. UNIT	FEATURES	MEDICAL DEVICE	PPE CATEGORY	STANDARDS
blue	20 pieces each, packed in foil	elastic cuffs; tie closures at the back of the neck and waist	class I	-	-

ARTICLE NO.	ARTICLE DESCRIPTION	MATERIAL	COATING	PROPERTY	DIMENSIONS
061604	visitor gowns	PP spunbond 20 g/m <sup>2</sup>	uncoated	breathable, latex-free, non-sterile	length 115 cm width 137 cm
COLOUR	PACK. UNIT	FEATURES	MEDICAL DEVICE	PPE CATEGORY	STANDARDS
green	10 pieces each, packed in foil	elastic cuffs; tie closures at the back of the neck and waist	class I	-	-

## PROTECTIVE GOWNS PPE CAT I

### Protective Effect

Protection against minor risks, e.g. liquid splashes without hazardous substances, limited protection against germs.

### Area of Application

Basic care, repositioning, light cleaning tasks.  
For nursing activities without significant mechanical loads.

ARTICLE NO.	ARTICLE DESCRIPTION	MATERIAL	COATING	PROPERTY	DIMENSIONS
061602	protective gowns PPE Cat I	PP spunbond 28 g/m <sup>2</sup>	coating on the front PE (polyethylene)	breathable, latex-free, non-sterile	length 140 cm width 140 cm

## PATIENT CARRIER BAGS WITH THE BLUE ANGEL ECOLABEL.

Our patient carrier bags offer a reliable way to transport patients' personal belongings safely and hygienically. Made from robust material, they protect clothing and personal items during the hospital stay and can also be labelled. Awarded the Blue Angel ecolabel, they consist of at least 80% post-consumer recycled material (PCR) and thus contribute to a functioning circular economy. At the same time, they meet high product safety requirements in everyday medical practice and help to conserve resources.
