

ULTRA-LOW

PROFILE HATCH

Elevate your view... minimise the profile

The Ultra-Low Profile Hatch combines modern aesthetics, enhanced airflow and ease of installation. Its 10mm elevation above the deck contributes to a minimalist and unobtrusive appearance. The hatch's design not only enhances the aesthetics but also ensures practicality with retrofit options, making it a popular choice among marine enthusiasts looking to update the style of their vessel.

Optimised Ventilation: With a 360° vent position, this design ensures optimal airflow throughout the vessel for comfort and freshness.

Versatile Options: Choose between flush bi-square for a seamless look or external handles for added convenience and regulations compliance.

Self Supporting Design: The friction lever mechanism ensures a secure hold for the Ultra-Low Profile Hatch at various angles.

Features

- **Durable and Lightweight:** Crafted as standard from grey acrylic, the lid is both robust and lightweight. It sits a mere 10mm above the deck, ensuring a sleek and unobtrusive profile.
- **Corrosion-Resistant Frame:** The lower frame features a silver anodised finish, providing excellent corrosion resistance even in harsh marine environments.
- **Easy Retrofitting:** The matched cut-out design aligns seamlessly with Lewmar Low Profile, Medium Profile, and Ocean Hatches, as well as other brands of hatch (please verify dimensions and corner radius). This allows for straightforward retrofitting without requiring modifications or additional deck drainage holes.
- **Cost-Effective Compatibility:** Compatible with existing trims and flyscreens, the Lewmar Ultra-Low Profile Hatch offers functionality without additional expense.
- **Certified:** CE approved and patent pending.

Hatch Size	Part Number	Style
SZ10	34910010	Flush Spindle
SZ20	34920010	Flush Spindle
