

The Future of Parking Starts Now: HUB Parking Digital Portfolio

Redefine parking management
with enterprise-level digital services

HUB Parking's **Digital Portfolio** is a cutting-edge ecosystem designed to enhance **mobility, payment processing, and customer engagement**.

By integrating **smart automation, connected systems, and data-driven insights**, our solutions empower parking operators and businesses to **streamline operations, optimize revenue, and enhance customer experiences**.

This native digital portfolio prioritizes **self-service, mobile convenience, and business efficiency**, providing digital services for both **operators and parkers**. Whether it's **subscription management, pre-booking, mobile payments, web validations, or guest access**, our platform ensures seamless, scalable, and future-ready parking experiences.

Self-Service & Account Management

Empower users & businesses with straightforward account management

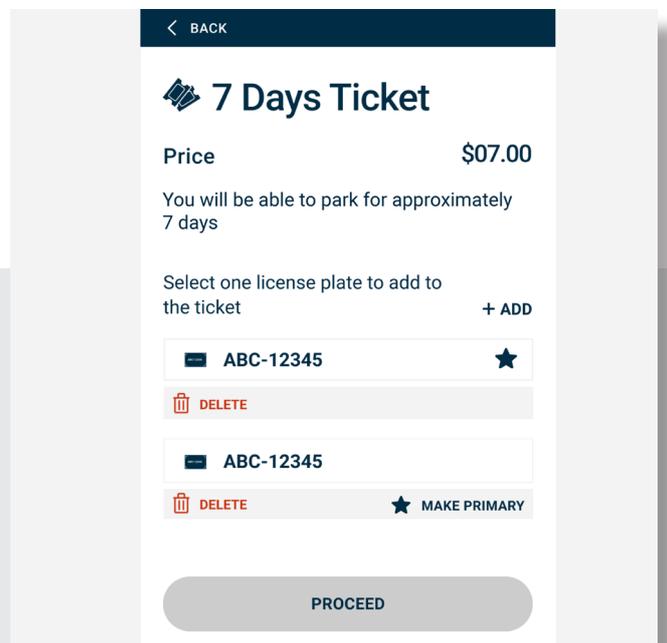

- ✓ **Subscriptions Management**
Users can independently manage their parking plans through **JPass** for mobile or web.
- ✓ **Business Account Management**
Companies can oversee employee and fleet parking with an **online portal** that supports **secure payments, access control, and automated billing**.
- **JPass Mobile & Web**
Users enroll, renew, and pay for subscriptions easily.
- **Seamless Payment Integration**
Supports **credit card on file, digital wallets, and Apple/Google Pay**.
- **Business Fleet Management**
Parking operators can pre-configure account rules and manage client settings.
- **Automated Notifications & Reports**
Ensures smooth parking experiences with real-time updates and comprehensive reporting.

Pre-Booking Platform

Reserve, Plan, Park: A seamless pre-booking experience

- ✓ **Advance Booking**
Users can reserve parking before arrival, reducing uncertainty.
- ✓ **White-Label Option**
Branding customization enhances user trust and visibility.
- **Web & Mobile Access**
Pre-book parking online and extend reservations on the go.
- **Flexible Entry Methods**
Supports **barcodes, license plates, and digital credentials**.
- **Dynamic Pricing & Loyalty Rewards**
Tailored solutions to optimize space utilization and revenue.

Web Validation Platform

Seamless digital validation for merchants & businesses

✓ **J4M**
A **web & mobile** tool for businesses to issue **parking validations and vouchers**.

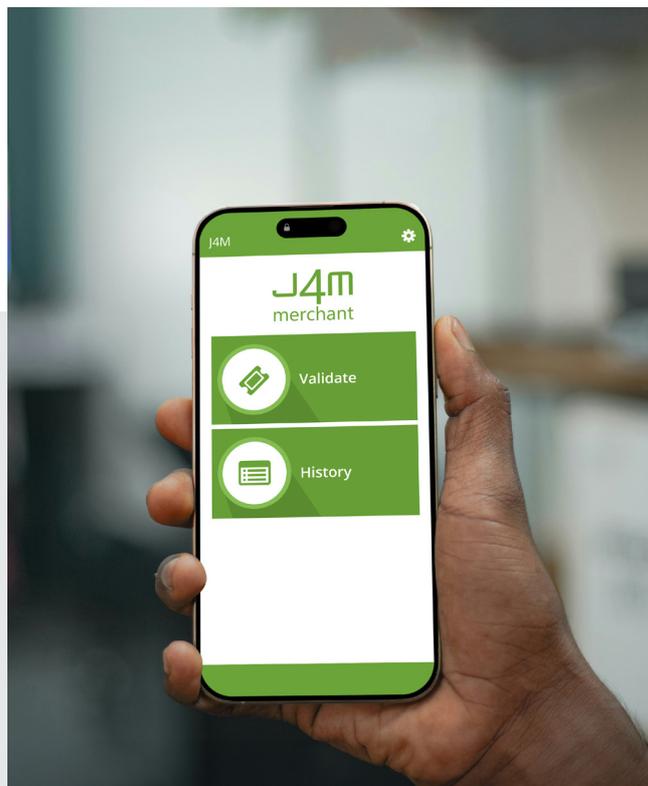

✓ **Merchant-Friendly Billing**
Automated **billback and detailed reporting** for transparency.

■ **Flexible Validation Methods**
Supports **QR codes, license plates, and barcodes**.

■ **Self-Service & SMS Validations**
Guests can validate their own parking digitally.

■ **Custom Branding & White-Labeling**
Ensures **brand recognition** through customized emails and vouchers.

■ **Stand-Alone Validation Unit**
Available for **high-traffic areas like malls, hotels, and restaurants**.

Mobile Payment Solutions

Frictionless transactions with mobile payment technology

✓ **J4Pay Cashless, Digital-First Experience**
Enables **secure, quick, and convenient transactions** for short-term parkers.

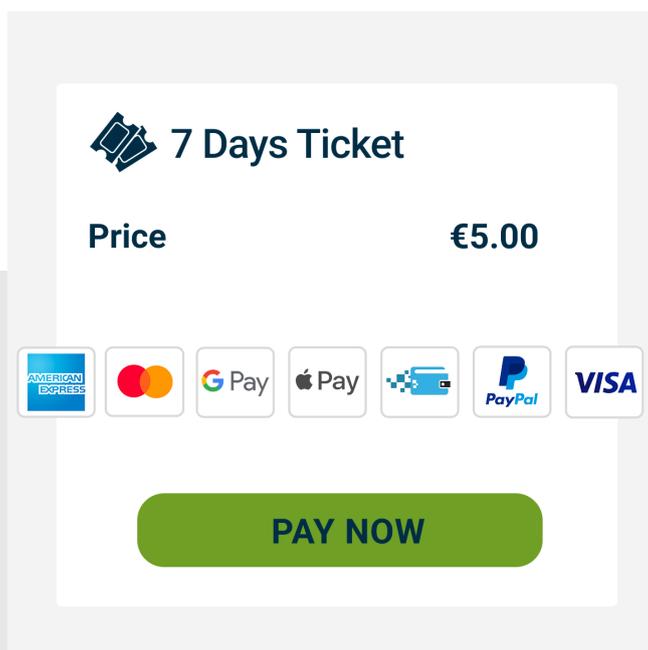

✓ **Reduce Congestion & Improve Flow**
Allow pre-payments and mobile POS for smoother exits.

■ **Mobile POS & Pre-Payment**
Parkers can **pre-pay or extend sessions via mobile**.

■ **Secure Transactions**
Supports **credit cards, QR codes, and stored payment credentials**.

■ **Seamless Operator Integration**
Payments sync with **JMS** for full financial reporting.

■ **Instant Receipts & Notifications**
Users receive real-time confirmation of transactions and advanced notifications of expiration time.

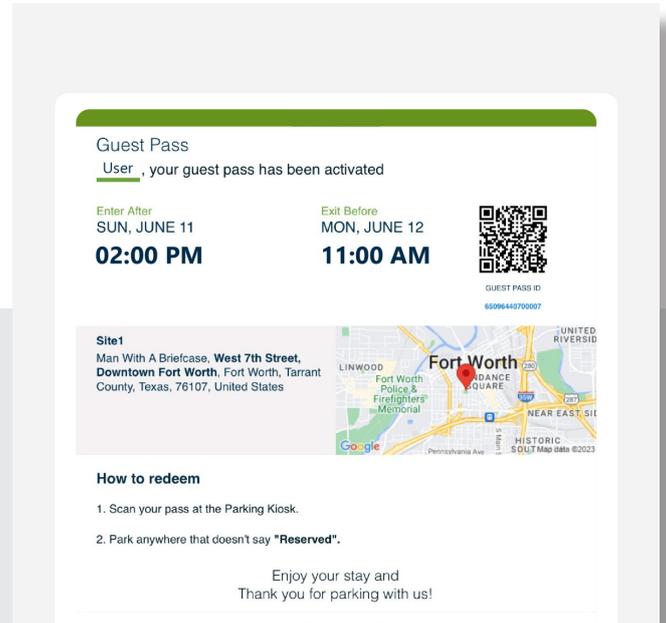

Guest Parking Platform

Hassle-Free Guest Parking for Hotels & Venues

- ✓ **J4H**
A simple **digital guest pass** solution for **hotels, venues, and businesses**.
- ✓ **Flexible Access Options**
Issue **digital or printed** guest passes for easy entry.

- **User-Friendly Web Interface**
Easily manage guest parking from a single dashboard.
- **Digital & Printable Guest Passes**
Delivered via email or printed on demand.
- **Custom Branding**
White-label email notifications for **seamless brand** integration.
- **Automated Reports & Billbacks**
Full transparency into guest usage and billing.

Our digital portfolio leverages on **JMS management system**, a web-based powerful solution that offers the unique opportunity to layer on the digital services you need, to future-proof your parking operations and **protect your asset** investments.
