100% AFRICAN BEER

Brewed on home soil in Ghana using **bold, natural ingredients** like mango, lemongrass, hibiscus, ginger and cocoa; this isn't just Africa's story in a bottle. This is Ghana's answer to shelves dominated by traditional imports.

Introducing a range of **signature African ales** crafted with over **70% broken rice and fonio** for a smooth, refreshingly light sip. Tale is reimagining what beer can be by creating **gluten-free** and **sustainably brewed** specialty beers made for moments that matter.
