Maximize adventures with the new Gear Hub. Standout features include four rod holders within the interior corners, and the flexibility to attach RAILBLAZA Rod Tubes to the sides.

You won't find yourself limited by storage constraints. Customize further with integrated TracLoader and MiniPort mounting tracks - two in each side, one on the lid.

Secure a variety of fishing essentials, from a convenient DrinkHold to an action camera, StowPod, Spooling Station, visibility flag, and more.

Gear Hub transitions from land to water, carrying gear to kayaks, boats, piers, beaches and river banks. Elevate your fishing game and have awesome outdoor adventures with RAILBLAZA.

RAILBLAZA Gear Hub Patent Pending

*Gear Hub base and sides are manufactured from 100% post-consumer recycled material.
